Corporation Tax Booklet Water's-Edge Filers

Members of the Franchise Tax Board
Steve Westly, Chair
Carole Migden, Member
Donna Arduin, Member

#### This booklet contains:

**Form 100W**, California Corporation Franchise or Income Tax Return — Water's-Edge Filers

**Schedule H (100W)**, Dividend Income Deduction — Water's-Edge Filers

**Schedule P (100W)**, Alternative Minimum Tax and Credit Limitations — Water's-Edge Filers

Form 100-WE, Water's-Edge Election

FTB 2416, Schedule of Included Controlled Foreign Corporations

FTB 2424, Water's-Edge Foreign Investment Interest Offset

FTB 3539, Payment Voucher for Automatic Extension for Corporations and Exempt Organizations

FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations

**FTB 3885**, Corporation Depreciation and Amortization

## **Table of Contents**

#### **Instructions for Form 100W**

#### California Corporation Franchise or Income Tax Return — Water's-Edge Filers

References in these instructions are to the Internal Revenue Code (IRC) as of January 1, 2001, and to the California Revenue and Taxation Code (R&TC).

#### Introduction

Taxpayers may elect to compute income attributable to California sources on the basis of a water's-edge combined report. In general, under a water's-edge election, affiliated foreign corporations are excluded from the combined report.

Note: For purposes of these instructions, the word "taxpayer" means a corporation in the combined group that has a California filing requirement.

The statute allowing the taxpayer to file on a water's-edge basis does not supersede the concept of unity; it merely limits the unitary entities included in the combined report. For a discussion of the concepts of the unitary method of taxation and its application by the state of California, get FTB Pub. 1061, Guidelines for Corporations Filing a Combined Report. Once the taxpayer has computed its income attributable to California sources on the water's-edge combined report basis, the taxpayer may either file a separate return or may elect to file a single return with the other taxpayers in the water's-edge group. See Schedule R-7, Election to File a Unitary Taxpayers' Group Return and List of Affiliated Corporations, which is included in Schedule R, Apportionment and Allocation of

Note: S corporations normally may not be included in a combined report. For S corporations filing on a water's-edge basis, this booklet should be used in conjunction with Form 100S, California S Corporation Franchise or Income Tax Return.

For more information, see General Information R, Apportionment of Income; S, Combined Report; and T, Water's-Edge Reporting.

#### What's New/Tax Law Changes

For taxable years beginning on or after January 1, 2003, the provisions for making a water's-edge election have been substantially changed. The new procedures replace the contract with a statutory election, which continues in effect for a minimum of seven years; see California Revenue and Taxation Code (R&TC) Section 25113.

As a result of the new procedures:

- Form FTB 1116, Notice of Nonrenewal of Water's-Edge Contract, is obsolete.
- Form FTB 1117, Request to Terminate Water's-Edge Contract, is renamed Request to Terminate Water's-Edge Election. It is no longer available within the Water's-Edge Booklet.

To make a water's-edge election under the new rules, a corporation must:

- Compute the corporation's income on a water's-edge basis.
- Use Form 100W, California Corporation Franchise or Income Tax Return -Water's-Edge Filers, and

Attach the Form 100-WE, Water's-Edge Election, to the timely filed original return for the year of the election.

Corporations that have a valid election for taxable years beginning before January 1, 2003 will continue to file on a water's-edge basis and will be deemed to have elected under the new rules (R&TC Section 25113) for taxable years beginning on or after January 1, 2003. However, the election start date under the new rules (R&TC Section 25113) will continue to be the start date, as originally elected under the old rules (R&TC Section 25111.)

In general, California law conforms to the Internal Revenue Code (IRC) as of January 1, 2001. However, there are continuing differences between California and federal law. It should be noted that California does not always conform to the entire provisions of a public law. California has conformed to some of the changes made to the IRC after January 1, 2001, including some provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (Public Law 107-16), the Victims of Terrorism Tax Relief Act of 2001 (Public Law 107-134), and the Job Creation and Worker Assistance Act of 2002 (Public Law 107-147). California has not conformed to any of the provisions of the Jobs and Growth Tax Relief Reconciliation Act of 2003 (Public Law 108-27) and the Military Family Tax Relief Act of 2003 (Public Law 108-121).

For taxable years beginning on or after January 1, 2003, corporate shareholders of a Regulated Investment Company (RIC) are explicitly denied a dividend deduction for earnings from the RIC that are not from stock dividends.

R&TC Sections 17024.5 and 23051.5 have been amended to clarify that, unless otherwise expressly allowed, federal elections made before a taxpaver becomes a California taxpayer are binding for California tax purposes.

#### **Important Information**

- You can view, download, and print California tax forms, instructions, publications, and FTB Notices and Legal Rulings from our Website at www.ftb.ca.gov. Information about other state agencies can be accessed through the State Agency Index located on the California State Website at www.ca.gov
- In Ceridian v. Franchise Tax Board (2000) 85 Cal.App.4th 875, the Court of Appeal has determined that R&TC Section 24410. which provides a limited deduction for dividends received from an insurance company, is unconstitutional. As such, the statute is invalid and unenforceable. Therefore, the deduction is not available.
- For taxable years beginning in 2002 and 2003, California suspended the Net Operating Loss (NOL) carryover deduction. Taxpayers may continue to compute and

carryover an NOL during the suspension period. However, the deduction for disaster losses is not affected by the NOL suspension rules.

The carryover period for suspended losses is extended by two years for losses incurred before January 1, 2002, and by one year for losses incurred after January 1, 2002, and before January 1, 2003. For more information, see form FTB 3805Q included in this booklet.

- The authority of the Wildlife Conservation Board to award Natural Heritage Preservation Tax Credit has been suspended between July 1, 2002, and June 30, 2003, inclusive. Thus, any credits that were allocated before June 30, 2002, may be claimed on the 2002 tax return. Any credits that could have been allocated, but were not allocated, or any new credits that are allocated on or after July 1, 2003, could be claimed on the 2003 tax return, or subsequent tax returns. Carryover is not affected for previously awarded credits, credits awarded before June 30, 2002, or any credits allocated on or after July 1, 2003.
- Nonresidents who had tax withheld may use the withholding as a credit against tax when they file a California tax return. R&TC Section 18662 requires buyers to withhold income taxes when purchasing California real property from corporate sellers with no permanent place of

transfer. For more information, get FTB

Pub. 1016.

Sellers of California real estate must attach copy B of Form 597, Real Estate Withholding Tax Statement, to their tax return as proof of withholding.

business in California immediately after the

If you need to verify withholding payments, you may call the Withholding Services and Compliance Section at (888) 792-4900 (toll-free) or (916) 845-4900.

For the purposes of determining the correct amount of tax for water's-edge electors, a presumption of correctness attaches to all federal determinations, including determinations made at the audit, appeals, and/or competent authority levels.

#### California conforms to federal law for:

- Large banks' bad-debt losses deduction, which is limited to the actual losses rather than contributions to a reserve for bad
- Alternative Minimum Tax (AMT) treatment of contributions of appreciated property.
- Disallowing the deduction for club membership fees and lobbying expenses.
- Disallowing the deduction for employee remuneration in excess of \$1 million.
- **Expensing of Environmental Remediation** Costs. Certain environmental remediation expenditures that would otherwise be chargeable to capital accounts may be expensed and taken as a deduction in the

- year the expense was paid or incurred. An election to expense environmental remediation costs for federal purposes is considered an election for state purposes and a separate election is not allowed.
- Shrinkage Estimates for Inventory
  Accounting. For purposes of inventory
  accounting, an adjustment for shrinkage,
  based on an estimate, may be made.
  Taxpayers can voluntarily change their
  method of accounting if the method
  currently being used does not utilize
  estimates of inventory shrinkage and the
  taxpayer now wishes to use that method.
- Required recognition of gain on certain appreciated financial positions in personal property.
- Election of mark-to-market for securities and commodities traders. Allows securities traders and commodities traders and dealers to elect to use mark-to-market accounting similar to what is currently required for securities dealers. Commodities would include only commodities of a kind that are dealt with in the organized commodities exchange. An election to use the mark-to-market method for federal purposes is considered an election for state purposes and a separate election is not allowed.
- Limitation on exception for investment companies under IRC Section 351.
- Expansion of deduction for certain interest and premiums paid for company-owned life insurance.
- Modification of holding period applicable to dividends received deduction.
- Repeal of special installment sales rule for manufacturers of tangible personal property.
- Required registration for abusive tax shelters.
- Payment of estimated tax for closely held real estate investment trusts (REIT) and income and services provided by REIT subsidiaries.

## California law does not conform to federal law for:

- The additional 30% or 50% first-year depreciation allowance for qualified property.
- The election to deduct up to \$100,000 under IRC Section 179.
- The first-year depreciation deduction allowed for luxury autos or certain passenger automobiles.
- Decreased capital gains tax rate.
- Exemption from AMT for small corporations.
- Accelerated depreciation for property on Indian Reservations.
- The treatment of Subpart F and Section 936 income.
- The IRC passive activity loss rules for real estate activities.
- The temporary suspension of income limitations on percentage depletion for production from marginal wells. The percentage depletion deduction, which may not exceed 65% of the taxpayer's taxable income, is restricted to 100% of the net income derived from the oil and gas property.

**Note:** The above lists are not intended to be all-inclusive of the federal and state conformities and differences. For additional information, please refer to the California R&TC.

#### California Taxpayers That are 25% Foreign-Owned U.S. Corporations and Foreign Corporations

Corporations that are required to file federal Form(s) 5472, Information Return of a 25% Foreign-Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business, with the federal return must attach a copy(ies) to the California return. The penalty for failing to include Form(s) 5472 as required is \$10,000 per form. See General Information M. Penalties, for more information.

#### Information Return for U.S. Taxpayers Who Have Ownership (Directly or Indirectly) in a Foreign Corporation

For taxable years beginning on or after January 1, 1997, U.S. taxpayers who have an ownership interest (directly or indirectly) in a foreign corporation and are required to file federal Form(s) 5471, Information Return of U.S. Persons With Respect to Certain Foreign Corporations, with the federal return, must attach a copy (ies) to the California return. The penalty for failing to include a copy of federal Form(s) 5471 as required is \$1,000 per form. See General Information M, Penalties, for more information.

#### **Records Maintenance Requirements**

Any taxpayer filing on a water's-edge basis is required to keep and maintain records and make the following available upon request:

- Any records needed to determine the correct treatment of items reported on the water's-edge combined report for purposes of determining the income attributable to California;
- Any records needed to determine the treatment of items as nonbusiness or business income;
- Any records needed to determine the apportionment factors; and
- Documents and information needed to determine the proper attribution of income to the U.S. or foreign jurisdictions under IRC Subpart F, IRC Section 882, or other similar provisions of the IRC.

See R&TC Section 19141.6 and the related regulations for more information. A corporation may be required to authorize an agent, through a Power of Attorney, to act on its behalf in response to requests for information or records pursuant to R&TC Section 19504.

Note: For information about the Power of Attorney, go to our Website at

#### www.ftb.ca.gov.

The penalty for not maintaining the above required records is \$10,000 for each taxable year for which the failure applies. In addition, if the failure continues for more than 90 days after the FTB notifies the corporation of the failure, a penalty of \$10,000 may be assessed for each additional 30-day period of continued failure. For taxable years beginning on or after January 1, 1996, there is no maximum amount of penalty that may be assessed. See General Information M, Penalties, for more information.

#### **Small Business Stock**

For taxable years beginning on or after January 1, 1996, corporations that issue stock intended to be qualified small business stock pursuant to R&TC Section 18152.5 are required to attach form FTB 3565, Small Business Stock Questionnaire, to Form 100W.

#### Classification of Certain Business Trusts and Certain Foreign Single Member Limited Liability Companies (LLCs)

Normally, the classification of a business entity should be the same for California purposes as it is for federal purposes. However, an exception may apply for certain eligible business entities (business trusts and single member LLCs) existing prior to January 1, 1997, that were taxed as corporations for California purposes under former R&TC Section 23038. For taxable years beginning on or after January 1, 1997, a business trust or a previously existing foreign single member LLC may make an irrevocable election to be classified the same as federal for California purposes. To make the election the business trust or the single member LLC must have been classified as a corporation under California law, but classified as a partnership (for a business trust) or elected to be treated as a disregarded entity (for single member LLC) for federal tax purposes for taxable years beginning before January 1, 1997. If this election is not made, the existing eligible business entity will continue to be classified and taxed as a corporation for California purposes. Get form FTB 3574, Special Election for Business Trusts and Certain Foreign Single Member LLCs, for more information.

#### **General Information**

#### A Franchise or Income Tax

#### Corporation franchise tax

Entities subject to the corporation minimum franchise tax include all corporations (e.g. LLCs electing to be taxed as corporations) that are:

- Incorporated or organized in California;
- Qualified or registered to do business in California; or
- Doing business in California, whether or not incorporated, organized, qualified, or registered under California law.

The measured franchise tax is imposed on corporations doing business in California and is measured by the income of the current taxable year for the privilege of doing business in that taxable year.

The term "doing business" means actively engaging in any transaction for the purpose of financial gain or profit.

The minimum franchise tax must be paid whether the corporation is active, inactive, not doing business in California, or operates at a loss.

**Note:** A corporation incorporated in California, but not doing business in this state, is not subject to the measured franchise tax. In the case of a corporation incorporated in California or qualified with the California Secretary of State (SOS), but not doing

business in this state, careful attention should be given to the term "doing business." It is not necessary that the corporation conducts business or engages in transactions within the state on a regular basis. Even an isolated transaction during the year may be enough to cause the corporation to be "doing business."

Also, when a corporation is either a general partner of a partnership or a member of an LLC that is "doing business" in California, the corporation is considered to be "doing business" in California.

#### Corporation income tax

The corporation income tax is imposed on all corporations that derive income from sources within California but are not doing business in

For purposes of the corporation income tax, the term "corporation" generally includes:

- Associations:
- Massachusetts or business trusts;
- REITs:
- LLCs electing to be taxed as corporations other than those subject to the corporate franchise tax; and
- Other business entities, including partnerships, electing to be taxed as corporations.

Get FTB Pub. 1063, California Corporation Tax Law — A Guide for Corporations, for more information.

#### **B** Tax Rates

The tax rates below apply to corporations subject to either the corporation franchise tax or the corporation income tax.

- Corporations other than banks and financial corporations ......8.84%
- Banks and financial corporations 10.84%

#### **C** Minimum Franchise Tax

All corporations subject to the franchise tax, including banks, financial corporations, corporate general partners of partnerships, and corporate members of LLCs doing business in California, must file Form 100 or Form 100W and pay at least the minimum franchise tax as required by law. The minimum franchise tax, as indicated below, must be paid whether the corporation is active, inactive, operates at a loss, or files a return for a short period of less than 12 months.

- Domestic qualified inactive gold or quicksilver mining corporations .....\$25
- All other corporations subject to franchise tax (see General Information A, Franchise or Income Tax, for definitions) . . . . . . . . \$800

A combined group filing a single return must pay at least the minimum franchise tax for each corporation in the group that is subject to franchise tax.

**Note:** For corporations that incorporate or qualify through the California SOS to do business in California on or after January 1, 2000, the prepayment of the minimum franchise tax to the California SOS is no longer required. For the first taxable year the corporation will compute its tax liability by multiplying its state net income by the appropriate tax rate and will not be subject to the minimum franchise tax. The corporation will become subject to minimum franchise tax beginning in its second taxable year. This does not apply to corporations that are not qualified by the California SOS, or reorganize solely to avoid payment of their minimum franchise

There is no minimum franchise tax for:

- Corporations that derive income from sources within California but are subject to income tax only because they are not "doing business" in California, and are not incorporated or qualified under the laws of California. For more information regarding "doing business," get FTB Pub. 1050 Application and Interpretation of Public Law 86-272; FTB Pub. 1060, Guide for Corporations Starting Business in California; or FTB Pub 1063, California Corporation Tax Law — A Guide for Corporations;
- Credit unions;
- Corporations that are not incorporated under the laws of California: whose sole activities in this state are engaging in convention and trade show activities for seven or fewer days during the taxable year; and do not derive more than \$10,000 of gross income reportable to California during the taxable year. These corporations are not "doing business" in California. For more information, get FTB Pub. 1060. Guide for Corporations Starting Business in California; or FTB Pub 1063, California Corporation Tax Law — A Guide for Corporations; and
- Newly formed or qualified corporations filing an initial return for taxable years beginning on or after January 1, 2000.

#### D Accounting Period/Method

The taxable year of a corporation must not be different from the taxable year used for federal purposes, unless initiated or approved by the FTB (R&TC Section 24632).

A change in accounting method requires consent from the FTB. However, a corporation that obtains federal approval to change its accounting method, or that is permitted or required by federal law to change its accounting method without prior approval and does so, is deemed to have the FTB's approval if: (1) the corporation files a timely Form 100W consistent with the change for the first year the change becomes effective for federal purposes; and (2) the change is consistent with California law. A copy of federal Form 3115, Application for Change in Accounting Method, and a copy of the federal consent to the change must be attached to Form 100W for the first year the change becomes effective. Get FTB Notice 2000-8 for more information. The FTB may modify a requested change if the change would distort income for California purposes.

Note: California is not following the automatic consent procedure for a change of accounting method involving previously unclaimed allowable depreciation or amortization prescribed by Federal Revenue Procedure 96-31. Get FTB Notice 6-3 for more information.

#### E When to File

File Form 100W on or before the 15th day of the 3rd month after the close of the taxable year unless the return is for a short-period as required under R&TC Section 24634 Generally, the due date of a short-period return is the same as the due date of the federal short-period return. See R&TC Section 18601(c) for the due date of a short-period return. See General Information O, Dissolution/Withdrawal, and P, Ceasing Business, for information on final

A corporation that converts to another type of entity, such as a limited liability company or limited partnership, must file two California returns. The converted entity is required to file a short-period return for the taxable year ending on the date of cancellation. The new entity would then be subject to all of the filing requirements and tax obligations for that new entity from the date of conversion.

#### F Extension of Time to File

If the corporation cannot file its California return by the 15th day of the 3rd month after the close of the taxable year, it may file on or before the 15th day of the 10th month without filing a written request for an extension unless the corporation is suspended on the original due date. This does not extend the time for payment of tax; the full amount of tax must be paid by the original due date of Form 100W. If there is an unpaid tax liability, complete form FTB 3539. Payment Voucher for Automatic Extension for Corporations and Exempt Organizations, included in this booklet, and send it with the payment by the original due date of the Form 100W.

Note: If the corporation must pay its tax liability using electronic funds transfer (EFT), all payments must be remitted by EFT to avoid the EFT penalty. Do not send form FTB 3539.

## **G Electronic Funds Transfer**

Corporations that meet certain requirements must remit all of their payments through EFT rather than by paper checks to avoid the 10% non-compliance EFT penalty. Corporations that remit an estimated tax payment or extension payment in excess of \$20,000 or that have a total tax liability in excess of \$80,000 must remit all of their payments through EFT. The FTB will notify corporations that are subject to this requirement. Those that do not meet these requirements and wish to participate on a voluntary basis may do so. If you are an EFT taxpayer, complete the form FTB 3539 worksheet for your records. DO NOT SEND THE PAYMENT VOUCHER. For more information, go to our Website at www.ftb.ca.gov, call (916) 845-4025, or get FTB Pub. 3817, Electronic Funds Transfer Program Information Guide.

#### **H** Where to File

If a tax is due, and the corporation is not required to use EFT, make the check or money order payable to the Franchise Tax Board.

Write the California corporation number and "2003 Form 100W" on the check or money order. Mail the return and payment to:

FRANCHISE TAX BOARD PO BOX 942857 SACRAMENTO CA 94257-0501

Mail all other returns, including those with payment by EFT, to:

FRANCHISE TAX BOARD PO BOX 942857 SACRAMENTO CA 94257-0500

#### **Private Delivery Services**

California law conforms to federal law regarding the use of certain designated private delivery services to meet the "timely mailing as timely filing/paying" rule for tax returns and payments. See federal Form 1120, U.S. Corporation Income Tax Return, for a list of designated delivery services. If a private delivery service is used, address the return to:

FRÁNCHISE TAX BOARD SACRAMENTO CA 95827

**Caution:** Private delivery services cannot deliver items to PO boxes. If using one of these services to mail any item to the FTB, **DO NOT** use an FTB PO box.

#### Private Mailbox (PMB) Number

If the corporation lease's a PMB from a private business rather than a PO box from the United States Postal Service, include the box number in the field labeled "PMB no." in the address area

#### **I** Net Income Computation

The computation of net income from trade or business activities generally follows the determination of taxable income as provided in the IRC. However, there are differences that must be taken into account when completing Form 100W. There are two ways to complete Form 100W, the federal reconciliation method or the California computation method:

#### 1. Federal reconciliation method

- Attach a copy of federal Form 1120 or Form 1120A, Page 1, U.S. Corporation Income Tax Return, and all pertinent supporting schedules, or transfer the information from federal Form 1120 or Form 1120A, Page 1, to Schedule F and attach all pertinent schedules;
- Enter the amount of federal ordinary income (loss) from trade or business activities before any NOL on Form 100W, Side 1, line 1; and
- c. Enter state adjustments on line 2 through line 17 to arrive at net income after state adjustments, Side 1, line 18.

## 2. Schedule F – California computation method

If the corporation has no federal filing requirement or if the corporation maintains separate records for state purposes, complete Form 100W, Side 3, Schedule F, to determine state ordinary income. If ordinary income is computed under California laws, generally no state adjustments are necessary. Transfer the amount from Schedule F, line 29, to Side 1, line 1. Complete Form 100W, Side 1, line 2 through line 17, only if applicable.

For more information, see the specific line instructions.

**Note:** Regardless of the net income computation method used, the corporation must attach any form, schedule, or supporting document referred to on the return, schedules, or forms filed with the FTB.

## J Alternative Minimum Tax (AMT)

Corporations that claim certain types of deductions, exclusions, and credits may be subject to California AMT. Generally, corporations that complete federal Form 4626, Alternative Minimum Tax — Corporations, also must complete California Schedule P (100W), Alternative Minimum Tax and Credit Limitations — Water's-Edge Filers. See Schedule P (100W), included in this booklet, for more information.

#### **K** Estimated Tax

Every corporation must pay estimated tax using Form 100-ES, Corporation Estimated Tax. Estimated tax is generally due and payable in four installments:

- The 1st payment is due by the 15th day of the 4th month of the taxable year (note that this payment may not be less than the minimum franchise tax, if applicable); and
- The 2nd, 3rd, and 4th installments are due and payable by the 15th day of the 6th, 9th, and 12th months respectively, of the taxable year.

**Caution:** If no amount is due, **DO NOT** mail Form 100-ES.

California law has conformed to the federal expanded annualization periods for the computation of estimate payments. For taxable years beginning on or after January 1, 1998, the applicable percentage for estimate basis is 100%.

Get the instructions for Form 100-ES for more information.

**Note:** If the corporation must pay its tax liability using EFT, **ALL** estimate payments due **must** be remitted by EFT to avoid the EFT penalty.

## **L Commencing Corporations**

For taxable years beginning on or after January 1, 2000, no prepayment to the California SOS is required and no minimum tax is required for the first taxable year if the corporation incorporated or registered through the California SOS. For more information see General Information C, Minimum Franchise Tax, or get FTB Pub. 1060, Guide for Corporations Starting Business in California.

#### **M** Penalties

#### Failure to file a timely return

Any corporation that fails to file Form 100W on or before the extended due date is assessed a penalty. The penalty is 5% of the unpaid tax for each month, or part of the month, the return remains unfiled from the due date of the return until filed. The penalty may not exceed 25% of the unpaid tax. If a

corporation does not file its return by the extended due date, the automatic extension will not apply and the late filing penalty will be assessed from the original due date of the return. See R&TC Sections 19131 and 23772 for more information.

Failure to pay total tax by the due date

Any corporation that fails to pay the total tax shown on Form 100W by the original due date is assessed a penalty. The penalty is 5% of the unpaid tax, plus 0.5% for each month, or part of the month (not to exceed 40 months), the tax remains unpaid. This penalty may not exceed 25% of the unpaid tax. See R&TC Section 19132 for more information.

**Note:** If a corporation is subject to both the penalty for failure to file a timely return and the penalty for failure to pay the total tax by the due date, a combination of the two penalties may be assessed, but the total penalty may not exceed 25% of the unpaid tax.

#### Underpayment of estimated tax

19161 for more information.

Any corporation that fails to pay, pays late, or underpays an installment of estimated tax is assessed a penalty. The penalty is a percentage of the underpayment for the underpayment period. Get form FTB 5806, Underpayment of Estimated Tax by Corporations, to determine both the amount of underpayment and the amount of penalty. See R&TC Sections 19142, 19144,19145, 19147, 19148, 19149, 19150, 19151, and

**Note:** If the corporation uses Exception B or Exception C to compute or eliminate any of the four installments, form FTB 5806 must be attached to **the front of** Form 100W and the box on Side 1, line 41b; should be checked.

#### **EFT Penalty**

If the corporation must pay its tax liability using EFT, **ALL** payments must be remitted by EFT to avoid the EFT penalty. The EFT penalty is 10% of the amount not paid by EFT. See R&TC Section 19011 and General Information G, Electronic Funds Transfer (EFT) for more information.

Information reporting penalties

For taxable years beginning on or after January 1, 1997, U.S. corporations that have an ownership interest (directly or indirectly) in a foreign corporation and were required to file federal Form(s) 5471, Information Return of U.S. Persons With Respect to Certain Foreign Corporations, with the federal return, must attach a copy(ies) to the California return. The penalty for failure to include a copy of federal Form(s) 5471, as required, is \$1,000 per required form for each year the failure occurs. The penalty applies for taxable years beginning on or after January 1, 1998. The penalty will not be assessed if the taxpayer provides a copy of the form(s) within 90 days of request from the FTB and the taxpayer agrees to attach a copy(ies) of federal Form 5471 to all returns filed for subsequent years.

Certain domestic corporations that are 25% or more foreign-owned and foreign corporations engaged in a U.S. trade or business must attach federal Form(s) 5472, Information Return of a 25% Foreign-Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business, to Form 100W. The penalty for failing to include federal Form(s) 5472, as required, is \$10,000 per required form for each year the failure occurs. See R&TC Section 19141.5 for more information.

If the corporation does not file its Form 100W by the due date or extended due date, whichever is later, copies of federal Form(s) 5472 must still be filed on time or the penalty will be imposed. Attach a cover letter to the copies indicating the taxpayer's name, California corporation number, and taxable year. Mail to the same address used for returns without payments. See General Information H, Where to File. When the corporation files Form 100W, also attach copies of the federal Form(s) 5472.

#### Record maintenance penalty

The penalty for failure to maintain certain records is \$10,000 for each taxable year for which the failure applies. In addition, if the failure continues for more than 90 days after the FTB notifies the corporation of the failure, in general, a penalty of \$10,000 may be assessed for each additional 30-day period of continued failure. For taxable years beginning on or after January 1, 1996, there is no maximum amount of penalty that may be assessed.

See "Important Information" starting on page 3 for a discussion of the records required to be maintained. See R&TC Section 19141.6 and the regulations thereunder for more information.

Accuracy and fraud related penalties California conforms to IRC Sections 6662 through 6665 that authorize the imposition of an accuracy-related penalty equal to 20% of the related underpayment, and the imposition of a fraud penalty equal to 75% of the related underpayment. See R&TC Section 19164 for more information.

California Secretary of State (SOS) penalty The California Corporations Code requires the FTB to assess a penalty for failure to file an annual statement of corporate officers with the California SOS. For more information, see R&TC Section 19141 or contact:

CALIFORNIA SECRETARY OF STATE PO BOX 944230 SACRAMENTO CA 94244-2300 Telephone: (916) 657-3537

#### Other penalties

Other penalties may be imposed for a check returned for insufficient funds, non-U.S. foreign corporations operating while forfeited or without qualifying to do business in California, and domestic corporations operating while suspended in California. See R&TC Sections 19134 and 19135 for more information.

#### N Interest

Interest is due and payable on any tax due if not paid by the original due date of Form 100W. Interest is also due on some penalties. The automatic extension of time to file Form 100W does not stop interest from accruing. California follows federal rules for the calculation of interest. Get FTB Pub. 1138. Business Entity Refund/Billing Information, for more information.

#### O Dissolution/Withdrawal

The corporation must fill in the applicable box on Form 100W, Side 1, question A, if dissolving, merging or withdrawing. The date should be the date the corporation filed with the California SOS.

The franchise tax for the period in which the corporation formally dissolves or withdraws is measured by the income of the year in which it ceased doing business in California, unless such income has already been taxed at the rate prescribed for the taxable year of dissolution or withdrawal.

A corporation that commenced doing business in California before January 1, 1972, is allowed a credit that may be refunded in the year of dissolution or withdrawal. The amount of the refundable credit is the difference between the minimum franchise tax for the corporation's first full 12 months of doing business and the total tax paid for the same period.

To claim this credit, add this amount to the value on line 35. Make a notation to the right of Side 1, line 35: "Dissolving/Withdrawing."

The return for the final taxable period is due on or before the 15th day of the 3rd full month after the month during which the corporation formally dissolved or withdrew.

Get FTB Pub. 1149, Terminating a Corporation, for more information.

To get samples and/or forms for filing a dissolution, surrender, or merger agreement address your request to:

LEGAL REVIEW CALIFORNIA SECRETARY OF STATE 1500 11TH ST 3RD FLOOR SACRAMENTO CA 95814-5701 Telephone: (916) 657-5448

#### **P** Ceasing Business

For taxable years beginning on or after January 1, 2000 (other than the first taxable year beginning on or after that date), the tax for the final year in which the corporation does business in California is determined according to or measured by its net income for the taxable year during which the corporation ceased doing business.

In any event, the tax for any taxable year shall not be less than the minimum franchise tax.

For more information, see R&TC Section 23151.1.

The unreported income on installment obligations, the distribution of notes, and the distribution of corporate assets (land, buildings) at a gain must be included in income in the year of cessation. There is no federal law counterpart regarding this issue.

For more information, see R&TC Sections 24672 and 24451.

Note: A domestic or qualified corporation will remain subject to the minimum franchise tax for each year it is in existence until a certificate of dissolution (and certificate of winding up, if necessary), or certificate of withdrawal is filed with the California SOS. See General

Information O, Dissolution/Withdrawal, and R&TC Sections 23331 through 23335 for more information.

#### **Q** Suspension/Forfeiture

If a corporation does not file a Form 100W and/or does not pay any tax, penalty, or interest due, its powers, rights, and privileges may be suspended (in the case of a domestic corporation) or forfeited (in the case of a foreign corporation).

Corporations that operate while suspended or forfeited are subject to a \$2,000 penalty, which is in addition to any tax, penalties, and interest already accrued. Also, any contracts entered into during suspension or forfeiture are voidable at the request of any party to the contract other than the suspended or forfeited corporation.

Such contracts will remain voidable and unenforceable unless the corporation applies for relief from contract voidability and the FTB grants relief.

See R&TC Sections 19135, 19719, 23301, 23305.1, and 23305.2 for more information.

#### R Apportionment of Income

Corporations with business income attributable to sources both within and outside of California are required to apportion such income. To calculate the apportionment percentage, use Schedule R, Apportionment and Allocation of Income. Be sure to answer Question M on Form 100W, Side 2.

#### S Combined Report

If two or more corporations are engaged in a unitary business and derive income from sources within and outside of California, the members of the unitary group that are subject to California's franchise or income tax are required to apportion the combined income of the entire unitary group in order to compute the measure of the tax.

If the income of a unitary group is derived wholly from California sources, its members may either file returns on a separate accounting basis or file on a combined report basis.

Members of a unitary group may elect to file a group single return by filing Schedule R-7, Election to File a Unitary Taxpayers' Group Return and List of Affiliated Corporations. For more information, get Schedule R.

A combined unitary group's single return must present the group's data stated separately for each corporation, as well as totals for the combined group.

The total combined tax, which must include at least the minimum franchise tax for each corporation subject to the franchise tax, must be shown on Form 100W, Side 1, line 24.

For more information, get FTB Pub. 1061, Guidelines for Corporations Filing a Combined Report.

#### T Water's-Edge Reporting

#### **Water's-Edge Combined Report**

#### **Entities Included**

The water's-edge combined report includes only the income and apportionment factors of the members of the unitary group that meet the criteria set forth in R&TC Section 25110, as summarized below. If an entity meets any one of these criteria **and** is unitary, it must be included in the combined report. If an entity does not meet any of these criteria, it must be excluded from the combined report.

- Any domestic international sales corporation, as defined in IRC Section 992, and any foreign sales corporation, as defined in IRC Section 922.
- Any corporation, regardless of where it is incorporated, if the average of its property, payroll, and sales factors within the U.S. is 20% or more. This rule does not apply to foreign incorporated banks. R&TC Section 25128, requiring the double weighting of the sales factor, does not apply for purposes of this inclusion test. For more information, get FTB Legal Ruling 95-5.
- Any corporation incorporated in the U.S., more than 50% of whose stock is owned or controlled directly or indirectly by the same interests, except for corporations making an election under IRC Section 936.
- 4. Any export trade corporation as defined in IRC Section 971.
- 5. Any controlled foreign corporation (CFC), as defined in IRC Section 957, that has Subpart F income as defined in IRC Section 952. The income and apportionment factors of such corporation are included in the combined report based on the ratio of the total Subpart F income of such entity for the year to its current year earnings and profits (E&P). The ratio cannot exceed 100% or be less than 0%. If the current year E&P are zero or less, none of the income and factors of the entity are included in the combined report. Subpart F income defined in IRC Sections 955, 956, and 956A, is not considered in the computation.
- 6. Any corporation not described in items 1 through 5 with less than 20% of its average property, payroll, and sales in the U.S., or any foreign organized bank that has income attributable to sources within the U.S. Such entities are included in the combined report only to the extent of their U.S. located income and factors. In general, U.S. located income includes both of the following:
  - Income that is effectively connected income (ECI) with U.S. trade or business, or is treated as effectively connected, under the provisions of the IRC. Because California is not a party to the federal tax treaties, the ECI immunity provisions of the federal tax treaties do not apply for California purposes. Any income satisfying the definition of ECI, that is excluded from federal taxable income due to a tax treaty, is included for California purposes; and

 U.S.-sourced income that is business income described under R&TC Section 25120, regardless of whether or not such income is considered ECI for federal purposes.

For more information, see R&TC Section 25110(a) and the regulations thereunder.

#### Intercompany Transactions Occurring On Or After January 1, 2001

Cal. Code Regs., tit. 18 section 25106.5-1 provides detailed rules relating to the treatment of intercompany transactions between members of a combined reporting group. These regulations apply to all intercompany transactions that occur on or after January 1, 2001. In general, the regulations adopt the treatment of intercompany transactions applicable for federal consolidated return purposes.

For more information, see Cal. Code Regs., tit. 18 section 25106.5-1, and FTB Pub. 1061, Guidelines for Corporations Filing a Combined Report. In addition, taxpayers may wish to review the federal consolidated return treatment of intercompany transactions as prescribed by Treas. Reg. Section 1.1502-13.

## Intercompany Transactions Occurring Before January 1, 2001

Intercompany transactions that occurred prior to January 1, 2001, are treated as follows:

- If a combined group has deferred gain or loss from intercompany transactions, a water's-edge election under R&TC Section 25111 will cause certain previously deferred gains or losses to be taxed over a 60-month period beginning with the first day of the election period. This applies only to transactions where either the transferee, the transferor, or both, are to be excluded from a combined report by reason of the water's-edge election. It does not apply if both the transferor and the transferee are included in the water's-edge combination.
- Generally, such gains or losses will be apportioned using the percentage used in the last worldwide combined report that preceded the first water's-edge year. FTB Notice 89-601 provides that the percentage in the year of the original transaction can be used in certain circumstances.

The deferral method referred to in FTB Notice 89-601 applies to intercompany transactions involving fixed assets and capitalized items only. Certain other types of intercompany transactions, including intercompany sales of inventory and intangible assets, must be reported under the elimination/carryover basis method. When members of a combined group use the elimination/carryover basis method, the transferor's basis will carry over to the transferee.

A subsequent water's-edge election will have no effect on the recognition of profit under this method. Any profit eliminated as a result of using this method would be recognized by the transferee when the asset is sold outside the combined reporting group.

#### **Water's-Edge Election**

For taxable years beginning on or after January 1, 2003, the provisions for making a water's-edge election have been substantially changed. The new procedures replace the contract with a statutory election, which continues to be made for a seven-year (84-month) period. The statutory election must be made on a timely filed original return for the year of the election. The new law, R&TC Section 25113:

- Codifies the "substantial performance" concept currently in the regulations to prevent taxpayers that inadvertently fail to satisfy a procedural aspect of the election from losing their water's-edge status.
- Reforms the acquisition rules so that a water's-edge taxpayer would no longer automatically "taint" other non-electing affiliates with which it becomes unitary. Instead, when two or more taxpayers become unitary, the status of the larger taxpayer would prevail.
- Eliminates the automatic renewal provisions. The taxpayer elects for an initial seven-year (84-month) period and the election remains in place thereafter until terminated. (The form FTB 1116, Notice of Nonrenewal of Water's-Edge Contract, is now obsolete.)
- Allows taxpayers to request and receive FTB consent to terminate the water's-edge election prior to the expiration of the seven-year (84-month) period for good cause. Good cause for these purposes has the same meaning as specified in Treas. Reg. Section 1.1502-75(c). If a taxpayer is granted termination and returns to filing on a worldwide basis, then the taxpayer must file on a worldwide basis for at least seven taxable years before making another water's-edge election. However, the FTB may waive the application of this rule for good cause.
- Provides that taxpayers that have a valid election for taxable years beginning before January 1, 2003 will continue to file on a water's-edge basis and will be deemed to have elected under the new rules (R&TC Section 25113) for taxable years beginning on or after January 1, 2003. However, the election start date under the new rules (R&TC Section 25113) will continue to be the start date as originally elected under the old rules (R&TC Section 25111.)

To make a water's-edge election under the new rules, a corporation must:

- Compute the corporation's income on a water's-edge basis,
- Use Form 100W, California Corporation Franchise or Income Tax Return — Water's-Edge Filers, and
- Attach the Form 100-WE, Water's-Edge Election, to the timely filed original return for the year of the election.

To file on a water's-edge basis, the corporation must:

- File on a water's-edge basis for a period of 84 months;
- Agree to business income treatment of dividends received from: (1) over 50% owned entities engaged in the same

- general line of business as the members of the water's-edge group, or (2) entities that are a significant source of supply to, or a significant purchaser of, the output of the members of the water's-edge group. Significant means an amount equal to 15% or more; and
- Consent to the taking of depositions from key employees or officers of the members of the water's-edge group and to the acceptance of subpoenas duces tecum requiring the reasonable production of documents.

For more information, see R&TC Sections 25110(b), 25111, 25113, and the regulations thereunder.

Taxpayers Covered by an Election

For an election to be effective, all affiliated taxpayers engaged in a single unitary business must file on a water's-edge basis. A taxpayer or an affiliated group of taxpayers that is engaged in more than one unitary business may make a water's-edge election with respect to any one or more of its businesses, but need not elect for all of its businesses. For example, a taxpayer engaged in two unitary businesses may elect water'sedge for one of the businesses and may remain subject to worldwide combined reporting treatment for the other business.

The common parent of a controlled group that files a consolidated federal return, or the common parent wherever domiciled or organized, may file an election on behalf of all members of the controlled group that are part of the water's-edge combined report group. The common parent need not be a California taxpayer. An election made on a group return of a self-assessed combined reporting group shall constitute an election by each taxpayer member included in that group return. An election by a common parent supersedes any inconsistent position taken by a member of the combined reporting group.

In cases where the water's-edge election is not entered into by a common parent, each taxpayer included in the combined report must enter into a separate election.

#### Time of Making the Election

The election must be made by all unitary taxpayers, included in the combined report, on a timely filed original return for the year of the election. Use Form 100-WE, Water's-Edge Election, to make the election. The completed Form 100-WE should be attached to the timely filed original return. A copy of the original election must be attached to all subsequent returns filed during the election period.

Taxpayers that have a valid election for taxable years beginning before January 1, 2003 will continue to file on a water's-edge basis and will be deemed to have elected under the new rules (R&TC Section 25113) for taxable years beginning on or after January 1, 2003 However, the election start date under the new rules (R&TC Section 25113) will continue to be the start date as originally elected under the old rules (R&TC Section 25111.)

CAUTION: The election must be made on a timely filed original return. See R&TC Section 25113.

Taxpayers with Different Fiscal Year Ends

Taxpayers engaged in a unitary business with different fiscal year ends will make the election on each individual return. For each member of the group, the election period will begin on the first day of the taxable year of the last member of the water's-edge group to file its return and make the election. Each taxpayer that has a taxable year beginning earlier than the last member of the group will compute its tax liability on its initial return using a hybrid worldwide/water's-edge combination method.

#### **Effect of Changes in Affiliation**

If a corporation that is subject to California tax becomes a member of a water's-edge group, or if a unitary affiliate of an electing water'sedge group becomes subject to California tax after the election, it is deemed to have elected to and is bound by the original election. When a taxpaver ceases to be a member of the water's-edge group, the taxpayer must continue to file on a water's-edge basis.

If an electing taxpayer is acquired by a nonelecting taxpayer and becomes a member of a new affiliated group, then the filing method, worldwide or water's-edge, would be determined by reference to the larger taxpayer group. The larger taxpayer group is determined by comparing the value of the total business assets of the electing taxpayer and its component unitary group to the value of the total business assets of the nonelecting taxpayer and its component unitary group.

If a water's-edge taxpayer meets certain criteria, it may automatically obtain termination of the water's-edge election or it may request termination of its water's-edge election. See "Termination of Election" below.

A non-electing corporation that is subsequently proven to be unitary with a water'sedge group pursuant to an audit determination of the FTB is deemed to have made a water's-edge election.

When an affiliation change occurs, a statement should be attached to the return identifying which affiliates were included in the original group, the appropriate California Corporation numbers, and what changes have occurred.

For more information, see R&TC Section 25113.

#### Termination of Election

Once a valid water's-edge election is made, the election remains in place until it is terminated.

#### Termination After Expiration of the Initial Seven-Year (84-Month) Period

The taxpayer has the option to terminate its water's-edge election after the initial sevenyear (84-month) period. This termination does not require FTB consent. The termination must be made on an original, timely filed return for the first year in which the water'sedge election is to be terminated.

To terminate your water's-edge election after the seven-year (84-month) period:

Compute your income on a worldwide basis,

- Use Form 100, California Corporation Franchise or Income Tax Return, and
- Attach a statement to the Form 100, explaining that the corporation is terminating its water's-edge election. Provide the name of any taxpayer that was bound by the water's-edge election.

If a taxpayer terminates its election and returns to filing on a worldwide basis, then the taxpayer must file on a worldwide basis for at least seven taxable years before making another water's-edge election. However, the FTB may waive application of this rule for good cause.

#### Termination Before Expiration of the Initial Seven-Year (84-Month) Period

Termination Caused by Affiliation Change – In the case of an affiliation change, as discussed above in "Effect of Changes in Affiliation," if an electing water's-edge taxpayer becomes a member of a larger, nonelecting taxpayer group, then the taxpayer's water's-edge election is automatically terminated. The termination is effective at the time the electing taxpayer becomes part of the combined report of the larger, nonelecting taxpayer group. It is not necessary to file a form FTB 1117, Request to Terminate Water's-Edge Election.

Termination by FTB Consent – An electing taxpayer may request FTB consent to terminate the water's-edge election for good cause prior to the seven-year (84-month) period. Good cause for these purposes has the same meaning as specified in Treas. Reg. Section 1.1502-75(c).

If a taxpayer is granted termination and returns to filing on a worldwide basis, then the taxpayer must file on a worldwide basis for at least seven taxable years before making another water's-edge election. However, the FTB may waive the application of this rule for good cause.

To request termination of your water's-edge election, you must timely file form FTB 1117 separately from any other form. Mail form FTB 1117 to:

FRANCHISE TAX BOARD PO BOX 1779 RANCHO CORDOVA CA 95741-1779

For more information, see R&TC Section 25113.

#### U Amended Return

To correct or change a previously filed Form 100W, file the most current Form 100X, Amended Corporation Franchise or Income Tax Return. Using the incorrect form may delay processing of the amended return. File Form 100X within six months after the corporation filed an amended federal return or after a final federal determination, if the Internal Revenue Service (IRS) examined and changed the corporation's federal return.

#### **V** Information Returns

Every corporation engaged in a trade or business and making or receiving certain payments in the course of the trade or business is required to file information returns to report the amount of such payments.

Payments that must be reported include, but are not limited to:

- Payments exceeding \$600 annually for compensation for services not subject to withholding, commissions, fees, prizes and awards, payments to independent contractors, rents, royalties, legal services whether or not the payee is incorporated, interest (such as interest charged for late payment), and pensions;
- Payments exceeding \$10 annually for interest earned and dividends;
- All payment amounts made by a broker or barter exchange;
- All payment amounts for gross proceeds paid to an attorney whether or not the services are performed for the payer; and
- Cash payments over \$10,000 received in a trade or business.

See instructions for federal Forms 1099 (series), 1098, 5498, and W2-G; federal Publication 1220, Specifications for Filing Forms 1098, 1099, 5498 and W-2G Electronically or Magnetically; form FTB 4227A, Guide to Information Returns Filed With California; and form FTB 8305, Reporting Requirements for Forms 1098, 1099, 5498, and W-2G.

Report payments to FTB and IRS using the appropriate federal form. Reports must be made for the calendar year. Federal Forms 1099 (series), 1098, and W-2G's are due no later than February 28th and federal Form 5498 is due by May 30th of the year following payment. However, if the due date falls on a holiday or weekend, it is extended to the next business day. Federal Form 8300, Report of Cash Payments Over \$10,000 Received in a Trade or Business, is due within 15 days after the date of the transaction.

California requires corporations to report to FTB interest paid on municipal bonds held by California taxpayers and issued by a state other than California, or a municipality other than a California municipality. Entities paying interest to California residents on these types of bonds are required to report interest payments aggregating \$10 or more and paid after January 1, 2003. These information returns will be due June 1, 2004. For more information, get form FTB 4800, Federally Tax Exempt Non-California Bond Interest and Interest-Dividend Payment Information.

California conforms to the information reporting requirements imposed under IRC Sections 6038 through 6038C. Any federal Forms 5471, 5472, or 926 required to be filed for federal purposes under these IRC sections are also required to be filed for California purposes. These federal information returns should be attached to the Form 100W when filed. If these information returns are not provided, penalties may be imposed under R&TC Sections 19141.2 and 19141.5.

#### W Net Operating Loss (NOL)

For taxable years beginning in 2002 and 2003, California has suspended the NOL carryover deduction. Taxpayers may continue to compute and carryover an NOL during the suspension period. However, the deduction for disaster losses is not affected by the NOL suspension rules.

The carryover period for suspended losses is extended by two years for losses incurred before January 1, 2002, and by one year for losses incurred after January 1, 2002, and before January 1, 2003. For more information, see form FTB 3805Q included in this booklet.

Carryover periods varying from 5 to 15 years and carryover deductions varying from 50% to 100% are allowed for NOLs sustained by corporations.

NOL carryovers incurred prior to the water'sedge election are limited to the amount of NOL carryover that the taxpayer would have incurred if a water's-edge election had been in effect in the loss year.

R&TC Sections 24416 through 24416.7 and R&TC Section 25108 provide for NOL carryovers incurred in the conduct of a trade or business.

R&TC Section 24347.5 provides special treatment for the carryover of disaster losses incurred in an area designated by the President of the United States or the Governor of California as a disaster area. Losses taken into account under the disaster provisions may not be included in computing regular NOL deductions.

For more information, see form FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations, included in this booklet, or get form FTB 3805D, Net Operating Loss (NOL) Computation and Limitation — Pierce's Disease; form FTB 3805Z, Enterprise Zone Business Booklet; form FTB 3806, Los Angeles Revitalization Zone Business Booklet; form FTB 3807, Local Agency Military Base Recovery Area Business Booklet; or form FTB 3809, Targeted Tax Area Business Booklet

#### X Preparer Tax Identification Number

Tax preparers have the option of providing their individual Social Security Number (SSN) or Preparer Tax Identification Number (PTIN) on returns they prepare. Preparers who want a PTIN must complete and submit federal Form W-7P, Application for Preparer Tax Identification Number, to the IRS.

#### Y New Corporations

New corporations, which begin business on or after January 1, 2000, are no longer required to prepay minimum tax to the California SOS.

For taxable years beginning on or after January 1, 2000, no minimum franchise tax will be due with the initial tax return. However, the corporation will compute its tax liability by multiplying its state net income by the appropriate tax rates.

#### **Specific Line Instructions**

Taxpayers that are not filing on water's-edge basis should not use Form 100W, use Form 100, California Corporation Franchise or Income Tax Return. However, a taxpayer that is filing on a water's-edge basis for one or more lines of business should use Form 100W even though that taxpayer may also have one

or more lines of business that are not on a water's-edge basis.

Filing Form 100W without errors will expedite processing. Before mailing Form 100W, make sure entries have been made for the:

- California corporation number (seven digits);
- Federal employer identification number (FEIN) (nine digits); and
- Corporation name and address (include PMB no., if applicable).

File the 2003 Form 100W for calendar year 2003 and fiscal years that begin in 2003. Enter taxable year beginning and ending dates **only** if the return is for a short year or a fiscal year. If the corporation reports its income using a calendar year, leave the date area blank. If the return is being filed for a short period (less than 12 months), write "short year" in red in the top margin. Convert all foreign monetary amounts to U.S. dollars.

**Note:** The 2003 Form 100W may also be used if:

- The corporation has a taxable year of less than 12 months that begins and ends in 2004; and
- The 2004 Form 100W is not available at the time the corporation is required to file its return. The corporation must show its 2004 taxable year on the 2003 Form 100W and incorporate any tax law changes that are effective for taxable years beginning after December 31, 2003.

#### **Questions A through Z**

Answer all applicable questions and attach additional sheets, if necessary. Be sure to answer Questions E through Z on Form 100W, Side 2. Note the following instructions when answering:

## Question E — Principal business activity (PBA) code

All corporations **must** answer Question E.

Include the six digit PBA code from the chart found on page 16 through page 18 of this

found on page 16 through page 18 of this booklet. The code should be the number for the specific industry group from which the greatest percentage of California "total receipts" is derived. "Total receipts" means gross receipts plus all other income. The California PBA code number may be different from the federal PBA code number.

If, as its principal business activity, the corporation: (1) Purchases raw material; (2) Subcontracts out for labor to make a finished product from the raw materials; and (3) Retains title to the goods, the corporation is considered to be a manufacturer and must enter one of the codes under "Manufacturing.' Also, write in the business activity and the principal product or service on the lines provided.

## Question J — Transfer or acquisition of voting stock

All corporations **must** answer Question J. If the answer is "Yes," a Statement of Change in Control and Ownership of Legal Entities (BOE-100-B), must be filed with the California State Board of Equalization (BOE), or substantial penalties may result. Forms and information may be obtained from the BOE

Website at www.boe.ca.gov or by calling (916) 323-5685.

Answer "Yes" if:

- The percentage of outstanding voting shares of this corporation or its subsidiary(ies) owned by one person or one entity cumulatively exceeded 50% during this year; or
- The total of voting shares transferred to one irrevocable trust cumulatively exceeded 50% during this year; or
- One or more irrevocable proxies transferred voting rights to more than 50% of the outstanding shares to one person or one entity during this year; or
- This corporation's cumulative ownership or control of the stock or other ownership interest in any legal entity exceeded 50% during this year; or
- Cumulatively more than 50% of the total outstanding shares of this corporation have transferred, changed ownership or control during this year.

R&TC Section 64(e) requires this information for use by the Califórnia State BOE.

#### Question S — Regulated Investment Company (RIC)

California conforms to federal law for taxable years beginning on or after January 1, 1998, for the provisions related to the repeal of the 30% gross income test for RICs.

#### Question T — Real Estate Mortgage **Investment Conduit (REMIC)**

If a corporation is a REMIC for federal purposes, it is deemed to be a REMIC for California purposes. A REMIC is subject to the minimum franchise tax but is not subject to the income or franchise tax. The income of a REMIC is taxable to the holders of the REMIC interests. In order to qualify, substantially all of the assets of the entity must consist of "qualified mortgages" and "permitted investments." See the instructions for federal Form 1066, U.S. Real Estate Mortgage Investment Conduit Income Tax Return, to determine if the corporation qualifies. California law is the same as federal law, except California does not impose a tax on prohibited transactions, as defined in IRC Section 860F. The income or gain from such prohibited transactions remains includible in the California tax base. If the corporation is a REMIC for federal purposes, answer "Yes" to Question T, complete Form 100W and attach a copy of federal Form 1066.

#### Question U — Real Estate Investment Trust (REIT)

California conforms to the federal law relating to REITs, except for the provisions relating to retaining capital gain tax credit added by Section 1254 of the Taxpayer Relief Act of 1997, and various alternative taxes imposed on certain income and activities of REITs (although such income amounts remain includible in the California tax base). Additionally, a federal election to treat property as foreclosure property under IRC Section 856(e)(5) is considered to be an election for California as well. No separate elections are allowed.

#### Question V — Limited Liability Company (LLC) or Limited Partnership

Answer "Yes" only if the business entity for which the Form 100W is being filed is organized as an LLC or limited partnership but is classified as a corporation for federal tax purposes. An LLC classified as a partnership for federal purposes should generally file Form 568. A limited partnership should file Form 565.

#### Line 1 through Line 42

#### Line 1 - Net income (loss) before state adjustments

Corporations using the federal reconciliation method to figure net income (see General Information I, Net Income Computation) must:

- Transfer the amount from federal Form 1120, line 28; or federal Form 1120A, line 24, to Form 100W, Side 1, line 1; and attach a copy of the federal return and all pertinent supporting schedules; or copy the information from federal Form 1120 or Form 1120A, Page 1, onto Schedule F and transfer the amount from Schedule F, line 29, to Form 100W, Side 1, line 1.
- Then, complete Form 100W, Side 1, line 2 through line 17, State Adjustments.

Corporations using the California computation method to figure net income (see General Information I) must transfer the amount from Side 3, Schedule F, line 29; to Side 1, line 1. Complete Form 100W, Side 1, line 2 through line 17, only if applicable.

Line 2 through Line 17 – State adjustments To figure net income for California purposes, corporations using the federal reconciliation method must enter California adjustments to the federal net income on line 2 through line 17. If a specific line for the adjustment is not on Form 100W, corporations must enter the adjustment on line 8, Other additions, or line 16, Other deductions, and attach a schedule that explains the adjustment.

Line 2 and Line 3 – Taxes not deductible California does not permit a deduction of California corporation franchise or income taxes or any other taxes on, according to, or measured by net income or profits. Such taxes that are shown on Form 100W, Schedule A, must be added to income by entering the amount on Side 1, line 2 or line 3 (see Schedule A, column (d) for the amount to be added to income). California does not permit a deduction for environmental taxes imposed by IRC Section 59A.

The LLC fee is not a tax, R&TC Section 23092; therefore, it is deductible. Do not include any part of an LLC fee on line 2 or line 3.

Line 4 – Interest on government obligations Corporations subject to California franchise tax must report all interest received on government obligations (such as federal, state, or municipal bonds). On line 4, enter all interest on government obligations that is not included in the federal ordinary income (loss). Corporations subject to California corporation income tax, see instructions for line 16.

Line 5 – Net California capital gain Complete Schedule D on Side 2 of Form 100W, and enter the California net capital gain from Schedule D, line 11.

Get FTB Pub. 1061 for instructions on determining the net capital gain when a combined report is filed.

#### Line 6 and Line 12 – Depreciation and amortization

California law is substantially different from federal law for corporations.

Complete form FTB 3885. Corporation Depreciation and Amortization, included in this booklet, to determine the amounts to enter on line 6 or line 12.

Line 7a – Net income from Included Controlled Foreign Corporations (CFCs) R&TC Section 25110(a)(6) provides that a portion of the income and apportionment factors of any CFC (defined in IRC Section 957) that has Subpart F income, as defined in IRC Section 952, must be included in the combined report of a taxpayer making a water's-edge election. Complete and attach form FTB 2416, Schedule of Included Controlled Foreign Corporations, included in this booklet, to compute the amount to enter on line 7a.

#### Line 7b - Income not included in federal consolidated return

Use this line to report the net income from corporations included in the combined report but not included in the federal consolidated

#### Line 8 - Other additions

R&TC Section 24425 disallows expenses allocable to income, which is not included in the measure of the Franchise Tax or Income Tax. Add back such deductions on this line. Also any miscellaneous items that must be added to arrive at net income after state adjustments (line 18) should be shown on this line. Attach a schedule to itemize amounts. If any federal contribution deduction reduced the amount entered on Form 100W. Side 1. line 1, enter that amount on this line.

California ordinary net gain or loss. Enter any California ordinary net gain or loss from Schedule D-1, Sales of Business Property. Attach Schedule D-1.

Line 10 and Line 11 - Dividends Complete Schedule H (100W), Dividend Income Deduction, included in this booklet.

Foreign Investment Interest Offset

R&TC Section 24344(c) provides that interest expense incurred for purposes of foreign investment is offset against the water's-edge dividends deductible under R&TC Section 24411. The offset cannot be greater than the deduction allowed pursuant to R&TC Section 24411. Complete and attach form FTB 2424, Water's-Edge Foreign Investment Interest Offset, to the return. For more information, see R&TC Section 24344(c) and the regulations thereunder and the instructions for form FTB 2424.

Line 13 – Federal capital gain net income Enter the federal capital gain net income from federal Form 1120 or Form 1120A, line 8. The California net capital gain should have been added to income on line 5.

#### Line 14 - Contributions

The contribution deduction for a California corporation is limited to the adjusted basis of the assets being contributed.

For taxable years beginning on or after January 1, 1996, the contribution deduction is limited to 10% of California net income. Carryover provisions per IRC Section 170(d)(2) apply for excess contributions made during taxable years beginning on or after January 1, 1996.

On a separate worksheet, using the Form 100W format, complete Form 100W, Side 1, line 1 through line 18 without regard to line 14, Contributions. If any federal contribution deduction was taken in arriving at the amount entered on Side 1, line 1, enter that amount as a positive number on line 8. Enter the adjusted basis of the assets contributed on line 5 of the worksheet. Then complete the worksheet that follows to determine the contributions to enter on line 14.

- 1. Net income after state adjustments from Side 1, line 18 .....

- 4. Contributions. Multiply line 3 by 10% (.10) . . . . . \_
- 6. Enter the smaller of line 4 or line 5 here and on Side 1, line 14.

Get Schedule R to figure the contribution computation for apportioning corporations.

Line 15 – EZ, TTA, or LAMBRA business expense and/or EZ net interest deduction
Businesses conducting a trade or business within an Enterprise Zone (EZ), Targeted Tax Area (TTA), or Local Agency Military Base Recovery Area (LAMBRA) may elect to treat a portion of the cost of qualified property as a business expense rather than a capital expense. For the year the property is placed in service, the business may deduct a percentage of the cost in that year rather than depreciate it over the life of the asset. For more information, get form FTB 3805Z; form FTB 3807; or

Also, a deduction may be claimed on this line for the amount of net interest on loans made to an individual or company doing business within an EZ. For more information, get form FTB 3805Z.

Be sure to attach form FTB 3805Z; form FTB 3807; or form FTB 3809 if any of these benefits are claimed. If the proper form is not attached, these tax benefits may be disallowed.

#### Line 16 - Other deductions

form FTB 3809.

Include on this line deductions not claimed on any other line. Attach a schedule that clearly shows how each deduction was computed and explain the basis for the deduction. For corporations subject to income tax (instead of the franchise tax), interest received on obligations of the federal government and on obligations of the State of California and its political subdivisions is exempt from income tax. If such interest is reported on line 4, it must be deducted on line 16.

**Federal ordinary net gain or loss.** Enter any federal ordinary net gain or loss from federal Form 4797, Sales of Business Property.

## Line 19 – Net income (loss) for state purposes

If all corporate income is derived from California sources, transfer the amount on line 18 directly to line 19.

If only a portion of income is derived from California sources, complete Schedule R before entering any amount on line 19. Transfer the amount from Schedule R, line 35, to Form 100W, line 19. Be sure to answer "Yes" to Question M on Form 100W, Side 2.

If this line is a net loss, complete and attach the 2003 form FTB 3805Q to Form 100W.

#### Line 20, Line 21, and Line 22

**Note:** The order in which line 20, line 21, and line 22 appear is not meant to imply the order in which any NOL carryover deduction or disaster loss deduction is to be taken if more than one type of deduction is available.

## Line 20 – Net operating loss (NOL) carryover deduction

California has suspended the NOL carryover deduction for taxable years beginning in 2002 and 2003.

## Line 21 – Pierce's disease, EZ, LARZ, TTA, or LAMBRA NOL carryover deduction

California has suspended the NOL carryover deduction for Pierce's disease, EZ, LARZ, TTA, or LAMBRA for taxable years beginning in 2002 and 2003.

Line 22 – Disaster loss carryover deduction If you have a disaster loss carryover deduction, enter the total amount from the 2003 form FTB 3805Q, Part III, line 1, only if you have income in the current year. The loss may not reduce current year income below zero. Any excess loss must be carried forward.

#### Line 24 - Tax

Use rates listed in General Information B, Tax Rates, and C, Minimum Franchise Tax.

Line 25 through Line 27 – Tax credits
A variety of tax credits are available to
California corporations to reduce tax.
However, corporations may not reduce the tax
(line 24) below the minimum franchise tax, if
applicable.

Also, the amount of the credit that a corporation is allowed to claim may be limited. Generally, if the corporation completed federal Form 4626, Alternative Minimum Tax — Corporations, the corporation may have limited credits. Complete Schedule P (100W), included in this booklet, to compute this limitation.

Corporations claiming the following credits are not subject to the TMT limitation:

Enterprise zone hiring & sales or use tax credit;

- LARZ construction hiring & sales or use tax credit carryover;
- · Solar energy credit carryover;
- Commercial solar energy credit carryover;
- · Commercial solar electric system credit;
- Research credit;
- Orphan drug credit carryover;
- Low-income housing credit;
- Manufacturers' investment credit;
- Targeted tax area hiring and sales or use tax credit:
- Natural heritage preservation tax credit; and
- Clinical testing expense credit carryover.

Each credit is identified by a code number. See the credit code chart on page 15. To claim one or two credits, enter the credit name, code number, and the amount of the credit on line 25 and line 26. To claim more than two credits, use Schedule P (100W). List two of the credits on line 25 and line 26. Enter the total of any remaining credits from Schedule P (100W) on line 27. Do not make an entry on line 27 unless line 25 and line 26 are complete.

To figure tax credits, use the appropriate form or schedule. If the corporation claims a credit carryover for an expired credit, use form FTB 3540, Credit Carryover Summary, to figure the amount of credit, unless the corporation is required to complete Schedule P (100W). In that case, enter the amount of the credit on Schedule P (100W) and complete Schedule P (100W). Do not attach form FTB 3540.

Attach the credit form or schedule and Schedule P (100W), if applicable, to Form 100W.

#### Line 29 - Balance

Subtract line 28 from line 24. Enter the result or the applicable minimum franchise tax, whichever is more. See General Information C, Minimum Franchise Tax.

Line 30 – Alternative minimum tax (AMT) Enter on this line the AMT from Schedule P (100W), Part I, line 19, or Part II, line 18, whichever is applicable.

Line 33 – 2003 estimated tax payments
Enter the total amount of estimated tax
payments made during the 2003 taxable year
on this line.

## Line 34 – 2003 Nonresident or real estate withholding

Enter the 2003 nonresident or real estate withholding credit from Form(s) 592-B, 594, or 597 if this corporation was withheld upon. Attach a copy of Form 592-B, 594, or 597 to the lower front of Form 100W, Side 1.

## Line 37 and Line 38 – Tax due or overpayment

Revise the amount of tax due or overpayment, if applicable, by the amount on Side 2, Schedule J, line 6. See instructions for Schedule J.

## Line 39 – Amount to be credited to 2004 estimated tax

If the corporation chooses to have the overpayment credited to next year's estimated tax payment, the corporation cannot later request that the overpayment be applied to the prior year to offset any tax due.

#### Line 40 - Refund

#### Direct Deposit of Refund (DDR)

Direct deposit is fast, safe, and convenient. To have the refund directly deposited into the corporation's bank account, enter the account information on Form 100W, Side 1, line 40a, 40b, and 40c. Please be sure to fill in all the information. Do not attach a voided check or deposit slip.

To cancel the DDR, call FTB at (916) 845-0353.

FTB is not responsible when a financial institution rejects a direct deposit. If FTB, the bank, or financial institution rejects the direct deposit due to an error in the routing number or account number, FTB will issue a paper check.

#### Line 41 – Penalties and interest

Enter on line 41a the amount of any penalties and interest due. Complete and attach form FTB 5806, Underpayment of Estimated Tax by Corporations, to the **front** of Form 100W, only if Exception B or Exception C is used in computing or eliminating the penalty. Be sure to check the box on line 41b.

#### **Schedules**

#### Schedule A — Taxes Deducted

Enter the nature of the tax, the taxing authority, the total tax, and the amount of the tax that is not deductible for California purposes on Form 100W, Side 3, Schedule A.

#### Schedule D — Capital Gain or Loss

California law does not conform to the federal reduced capital gains tax rates. California taxes capital gains at the same rate as other types of income. California does not allow a three-year carryback of capital losses.

Enter any unused capital loss carryover from 2002 on Schedule D, line 3.

For information regarding the application of the capital loss limitation and the capital loss carryover in a combined report, see Cal. Code Regs., tit. 18 section 25106.5-2 and FTB Pub. 1061, Guidelines for Corporations Filing a Combined Report.

#### Schedule F — Computation of **Net Income**

See General Information I, Net Income Computation, for information on net income computation methods.

#### Line 13 - Salaries and Wages

Gain from the exercise of California Qualified Stock Options (CQSOs) issued and exercised on or after January 1, 1997, and before January 1, 2002, can be excluded from gross income if the individual's earned income is \$40,000 or less. The exclusion from gross income is subject to AMT and the corporation is not allowed a deduction for the compensation excluded from the employee's gross income. For more information, see R&TC Section 24602.

#### Schedule G — Bad Debts **Reserve Method**

For taxable years beginning on or after January 1, 2002, only banks that are not a large bank, as defined in the IRC Section 585(c)(2), may use the bad debt reserve method.

For the purpose of the bad debt reserve method, banks include savings and loan associations, and other financial institutions. For more information, see IRC Sections 581 and 585. Complete Schedule G on this page and attach it to Form 100W.

#### Schedule J — Add-On Taxes and Recapture of Tax Credits

Complete Schedule J on Form 100W, Side 2, if the corporation has credit amounts to recapture or is required to include installment payments of "add-on" taxes from:

- Last-in, first-out (LIFO) recapture resulting from an S corporation election;
- Interest computed under the look-back method for completed long-term contracts;
- Interest on tax attributable to installment sales of certain property or use of the installment method for non-dealer installment obligations; or
- IRC Section 197(f)(9)(B)(ii) election to recognize gain on the disposition of an IRC Section 197 intangible.

Revise the amount of tax due or overpayment on Form 100W, line 37 or line 38, as applicable by the amount from Schedule J, line 6.

Installment payment of tax attributable to last-in, first-out (LIFO) recapture for corporations making an S corporation **election.** A corporation that uses the LIFO inventory pricing method and makes an S corporation election must include a "LIFO recapture amount" in income for its last year as a C corporation. The corporation's LIFO

recapture amount is equal to the excess of the inventory amount using the first-in, first-out (FIFO) method, over the inventory amount using the LIFO method, at the close of the corporation's last taxable year as a C corporation.

The additional tax resulting from inclusion of the LIFO recapture in income is payable in four equal installments. The first installment is due on the original due date of Form 100W of the electing corporation's last year as a C corporation.

To determine the additional tax due to LIFO recapture, the corporation must complete Form 100W, Side 1, line 19 through line 31, based on income that does not include the LIFO recapture amount.

On a separate worksheet using the Form 100W format, the corporation must complete the equivalent of Form 100W, Side 1, line 19 through line 31, based on taxable income including the LIFO recapture amount. Form 100W, Side 1, line 31, must then be compared to line 31 of the worksheet. The difference is the additional tax due to LIFO recapture.

Since Form 100W, Side 1, line 31, does not include the additional tax due to LIFO recapture, the corporations must include 1/4 of the additional tax on Schedule J, line 1, and adjust line 37 or line 38 accordingly. Attach the worksheet showing the computation.

**Note:** The electing S corporations must pay the remaining three installments of deferred tax with Form 100S.

**Long-term contracts.** If the corporation must compute interest under the look-back method for completed long-term contracts, complete and attach form FTB 3834, Interest Computation Under the Look-Back Method for Completed Long-Term Contracts. Include the amount of interest the corporation owes or the amount of interest to be credited or refunded to the corporation on Schedule J, line 2. If interest is to be credited or refunded, enter as a negative amount. Attach form FTB 3834 to Form 100W.

Interest on tax attributable to payments received on installment sales of certain timeshares and residential lots. If the corporation elected to pay interest on the amount of tax attributable to payments received on installment obligations arising from the disposition of certain timeshares and residential lots under IRC Section 453(I)(3), it must include the interest due on Schedule J,

Schedule (	G Bad Debts — Reserve Method, see instructions				
		Amount add	ed to reserve		
(a) Taxable year	(b) Accounts outstanding at the end of the year	(c) Current year's provision	(d) Recoveries	(e) Amount charged against reserve	(f) Reserve for bad debts at end of year
1998					
1999					
2000					
2001					
2002					
2003					

line 3a. For the applicable interest rates, get FTB Pub. 1138, Business Entity Refund/Billing Information. Attach a schedule showing the computation.

Interest on tax deferred under the installment method for certain nondealer installment obligations. If an obligation arising from the disposition of property to which IRC Section 453A(c) applies is outstanding at the close of the year, the corporation must include the interest due under IRC Section 453A on Schedule J, line 3b. For the applicable interest rates, get FTB Pub. 1138.

**IRC Section 197(f)(9)(B)(ii) election.**Complete Schedule J, line 4 if the corporation elected to pay tax on the gain from the sale of an intangible under the related person exception to the anti-churning rules.

#### Credit recapture.

Complete Schedule J, line 5, if the corporation completed the credit recapture portion of form:

- FTB 3501, Employer Child Care Program/ Contribution Credit;
- FTB 3805Z, Enterprise Zone Deduction and Credit Summary;
- FTB 3807, Local Agency Military Base Recovery Area Deduction and Credit;
- FTB 3808, Manufacturing Enhancement Area Credit Summary;
- FTB 3809, Targeted Tax Area Deduction and Credit Summary;
- FTB 3535, Manufacturers' Investment Credit;
- FTB 3534, Joint Strike Fighter Credits; or
- FTB 3508, Solar Energy System Credit.

Also complete Schedule J, line 5, if the corporation is subject to recapture of:

- The Farmworker Housing Credits; or
- The Community Development Financial Institution Deposits Credit.

## Schedule M-1— Reconciliation of income (loss) per books with income (loss) per return.

Schedule M-1 is used to reconcile the difference between book and tax accounting for an income or expense item. The federal and state Schedule M-1 may be the same when you use the federal reconciliation method for net income computation. See General Information I, Net Income Computation, for more information. The Schedule M-1 will be different from the federal Form 1120, Schedule M-1 if using the California computation method for net income. The California computation method is generally used when the corporation has no federal filing requirement, or if the corporation maintains separate records for state purposes.

**Note:** If the corporation's total receipts (see top of page 16 for definition of total receipts) for the taxable year and total assets at the end of the taxable year are less than \$250,000, the corporation is not required to complete Side 4 of Form 100W, Schedule L, Schedule M-1, and Schedule M-2. However, this information must be available in the future upon request.

CREDIT NAME	CODE	DESCRIPTION
Current Credits		
Community Development Financial Institution Deposits – Obtain certification from: CALIFORNIA ORGANIZED INVESTMENT NETWORK (COIN) DEPARTMENT OF INSURANCE 300 CAPITOL MALL, 16th FLOOR SACRAMENTO CA 95814	209	20% of qualified investments made into a community development financial institution
Disabled Access for Eligible Small Businesses – FTB 3548	205	Similar to the federal credit, but limited to \$125 per eligible small business, and based on 50% of qualified expenditures that do not exceed \$250
Donated Agricultural Products Transportation – FTB 3547	204	50% of the costs paid or incurred for the transportation of agricultural products donated to nonprofit charitable organizations
Employer Child Care Contribution – FTB 3501	190	Employer: 30% of contributions to a qualified plan
Employer Child Care Program – FTB 3501	189	Employer: 30% of the cost of establishing a child care program or constructing a child care facility
Enhanced Oil Recovery – FTB 3546	203	1/3 of the similar federal credit but limited to qualified enhanced oil recovery projects located within California
Enterprise Zone Hiring & Sales or Use Tax – FTB 3805Z	176	Business incentives for trade or business activities conducted within an enterprise zone
Farmworker Housing – Construction Farmworker Housing – Loan Obtain certification from: FARMWORKER HOUSING ASSISTANCE PROGRAM, CALIFORNIA TAX CREDIT ALLOCATION COMMITTEE 916 CAPITOL MALL, ROOM 485 SACRAMENTO CA 95814	207	50% of qualified costs paid or incurred to construct or rehabilitate qualified farmworkers housing Banks and financial corporations: 50% of foregone interest income on qualified farmworker housing loans
Joint Strike Fighter Wage – FTB 3534	215	50% of qualified wages paid or incurred in taxable years beginning on or after January 1, 2001, not to exceed \$10,000 for each qualified employee, or a proportional amount for an employee who is employed by the taxpayer for only part of the taxable year
Joint Strike Fighter Property – FTB 3534	216	10% of the cost of property placed in service in California for ultimate use in a joint strike fighter
Local Agency Military Base Recovery Area Hiring & Sales or Use Tax – FTB 3807	198	Business incentives for trade or business activities conducted within a local agency military base recovery area.
Low-Income Housing – FTB 3521	172	Similar to the federal credit but limited to low-income housing in California
Manufacturers' Investment – FTB 3535	199	6% of the cost of qualified property
Manufacturing Enhancement Area – FTB 3808	211	Hiring Credit for Manufacturing Enhancement Area
Natural Heritage Preservation – FTB 3503	213	55% of the fair market value of the qualified contribution of property donated to the state, any local government, or any nonprofit organization designated by a local government.
Prior Year Alternative Minimum Tax – FTB 3510	188	Must have paid alternative minimum tax in a prior year and have no alternative minimum tax liability in the current year
Prison Inmate Labor – FTB 3507	162	10% of wages paid to prison inmates
Research – FTB 3523	183	Similar to the federal credit but limited to costs for research activities in California
Rice Straw Obtain certification from: DEPARTMENT OF FOOD AND AGRICULTURE 1220 N STREET, ROOM A400 SACRAMENTO CA 95814	206	\$15 per ton of rice straw grown in California
Solar Energy System – FTB 3508	217	A credit equal to the lesser of 15% of the net cost paid to purchase and install a solar or wind energy system for the production of electricity, or the \$4.50 per rated watt of generating capacity of that system.
Targeted Tax Area Hiring & Sales or Use Tax – FTB 3809	210	Business incentives for trade or business activities conducted within a targeted tax area
Repealed Credits with Carryover Provisions		
Agricultural Products	175	
Commercial Solar Electric System	196	
Commercial Solar Energy Contribution of Computer Software	181 202	The expiration dates for these credits have passed. However, these credits had carryover provisions. You may claim these credits if there is a carryover available from prior years. If
Employer Ridesharing – Large employer	191	you are not required to complete Schedule P (100), get form FTB 3540, Credit
Employer Ridesharing – Small employer	192	Carryover Summary, to figure your credit carryover to future years.
Employer Rideshare – Transit	193	
Energy Conservation Los Angeles Revitalization Zone Hiring	182	
& Sales or Use Tax	159	
Low-Emission Vehicles	160

Ridesharing	174	
Salmon & Steelhead Trout Habitat Restoration	200	
Solar Energy	180	
Solar Pump Technology Property Contributions	179 201	
	201	_

#### **Principal Business Activity Codes**

This list of principal business activities and their associated codes is designed to classify a business by the type of activity in which it is engaged to facilitate the administration of the California Revenue and Taxation Code. For taxable years beginning on or after January 1, 1998, these principal business activity codes are based on the North American Industry Classification System.

Using the list of activities and codes below, determine from which activity the company derives the largest percentage of its "total receipts." Total receipts is defined as the sum of gross receipts or sales (Side 3, Schedule F, line 1a) plus all other income (Side 3, Schedule F, lines 4 through 10). If the company purchases raw materials and supplies them to a subcontractor to produce the finished product, but retains title to the product, the company is considered a manufacturer and must use one of the manufacturing codes (311110-339900).

Once the principal business activity is determined, entries must be made on Form 100W, Question E. For the business activity code number, enter the six-digit code selected from the list below. On the next line enter a brief description of the company's business activity. Finally, enter a description of the principal product or service of the company on the next line.

#### Agriculture, Forestry, Fishing, and Hunting

Code

#### **Crop Production**

111100 Oilseed & Grain Farming 111210 Vegetable & Melon Farming

(including potatoes & yams) 111300 Fruit & Tree Nut Farming

Greenhouse, Nursery, & Floriculture Production 111400 111900 Other Crop Farming (including

tobacco, cotton, sugarcane, hay, peanut, sugar beet, & all other crop farming)

#### **Animal Production**

## **Instructions for Schedule H (100W)**

Dividend Income Deduction — Water's-Edge Filers

#### What's New

In Farmer Bros. Co. v. Franchise Tax Board (2003) 108 Cal App 4th, 134 Cal Rptr. 2nd 390, the California Court of Appeal found that the R&TC Section 24402 deductible dividend provision discriminated against interstate commerce in violation of the Commerce Clause of the United States Consitution. R&TC Section 24402 provided for a deduction to the extent that the dividend paver was taxable in California. A statute that is held to be unconstitutional is invalid and unenforceable. Therefore, the deduction is not available.

#### **Important Information**

In Ceridian v. Franchise Tax Board (2000) 85 Cal.App.4th 875, the Court of Appeal has determined that R&TC Section 24410, that provides a limited deduction for dividends received from an insurance company, is unconstitutional. As such, the statute is invalid and unenforceable. Therefore, the deduction is not available.

#### **Specific Line Instructions**

A corporation may eliminate or deduct dividend income when certain requirements are met. The available eliminations or deductions are described below.

#### Part I – Intercompany Dividends

A corporation may eliminate dividends received from unitary subsidiaries but only to the extent that the dividends are paid from unitary earnings and profits accumulated while both the payee and payer were members of the combined report, R&TC Section 25106.

Complete Schedule H (100W), Part I and enter the total of column (d) on Form 100W, Side 1, line 10.

#### Part II – Other Dividends

Part II has been deleted due to the *Farmers* Bros. Co. v Franchise Tax Board decision, see What's New paragraph above.

#### Part III - Water's-Edge Dividends

California R&TC Section 24411 allows a 75% deduction of a portion of the dividends received and included in the water's-edge return. Both business and nonbusiness dividends qualify for the dividend deduction. The allowable business dividend deduction is determined by multiplying the total dividend deduction (business and nonbusiness) by the ratio of business dividends to total dividends. The remaining dividend deduction is the nonbusiness dividend deduction.

In no event will an R&TC Section 24411 deduction be allowed with respect to a dividend which was eliminated under R&TC Section 25106.

Current year qualifying dividends are dividends received by any current member of the water's-edge group from a corporation (regardless of the place of incorporation) if:

- The average of the payer's property, payroll, and sales factors within the U.S. is less than 20%; and
- More than 50% of the total combined voting power of all classes of voting stock is owned directly or indirectly by a member of the water's-edge group at the time the dividend is received.

For taxable years beginning on or after January 1, 1998, dividends received from banks qualify for the water's-edge dividend deduction.

The payer need not be in a unitary relationship with the recipient or any other member of the water's-edge group.

Intercompany dividends received within the current year's water's-edge group should be eliminated pursuant to R&TC Section 25106 before computing the dividend deduction.

A deduction of 100% is provided for dividends derived from certain foreign construction projects. A construction project is defined as an activity related to alteration or improvement of land. The construction project, the location of which is not subject to the taxpayers' control, must be undertaken for an entity, including a governmental entity, that is not affiliated with the water's-edge group. For more information, see R&TC Section 24411.

Complete Schedule H (100W), Part III and enter the total on Form 100W, Side 1, line 11a. For Part III, column (d), if any portion of a dividend also qualifies for the intercompany elimination in Part I, enter the balance from Part I, column (g) in Part III, column (d).

# Alternative Minimum Tax and Credit Limitations — Water's-Edge Filers

## **Instructions for Schedule P (100W)**

#### Alternative Minimum Tax and Credit Limitations — Water's-Edge Filers

References in these instructions are to the Internal Revenue Code (IRC) as of January 1, 2001, and to the California Revenue and Taxation Code (R&TC).

#### Important Information

In general, California law conforms to the Internal Revenue Code (IRC) as of January 1, 2001. However, there are continuing differences between California and federal law. It should be noted that California does not always conform to the entire provisions of a public law. California has conformed to some of the changes made to the IRC after January 1, 2001, including some provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (Public Law 107-16), the Victims of Terrorism Tax Relief Act of 2001 (Public Law 107-134), and the Job Creation and Worker Assistance Act of 2002 (Public Law 107-147). California has not conformed to any of the provisions of the Jobs and Growth Tax Relief Reconciliation Act of 2003 (Public Law 108-27) and the Military Family Tax Relief Act of 2003 (Public Law 108-121).

For taxable years beginning on or after January 1, 2002, the credit for prior year alternative minimum tax (AMT) has to be applied before any credits that can reduce the regular tax below the tentative minimum tax (TMT) in accordance with California Revenue and Taxation Code (R&TC) Section 23036 (c).

For taxable years beginning in 2002 and 2003, California has suspended the Net Operating Loss (NOL) carryover deduction. Taxpayers may continue to compute and carryover an NOL during the suspension period.

Note: The deduction for disaster losses is not affected by the NOL suspension rules.

The carryover period for suspended losses is extended by two years for losses incurred before January 1, 2002, and by one year for losses incurred after January 1, 2002, and before January 1, 2003. For more information, see form FTB 3805Q included in this booklet.

The authority of the Wildlife Conservation Board to award Natural Heritage Preservation Tax Credit has been suspended between July 1, 2002, and June 30, 2003, inclusive. Thus, any credits that were allocated before June 30, 2002, may be claimed on the 2002 tax return. Any credits that could have been allocated, but were not allocated, or any new credits that are allocated on or after July 1, 2003, could be claimed on the 2003 tax return, or subsequent tax returns. Carryover is not affected for previously awarded credits, credits awarded before June 30, 2002, or any credits allocated on or after July 1, 2003.

#### **Newly Formed or Qualified Corporations**

For corporations that incorporate or qualify to do business in California on or after January 1, 2000, the prepayment of the minimum franchise tax to the California Secretary of State (SOS) is no longer required. For the first taxable year the corporation will compute its tax liability by multiplying its state net income by the appropriate tax rate and will not be subject to the minimum franchise tax. The corporation

will become subject to minimum franchise tax beginning in its second taxable year. The corporation will be required to make estimated tax payments based on the projected measured tax for its second and third taxable

#### California law conforms to federal law regarding:

- The contribution deduction in excess of adjusted basis for appreciated property.
- Large banks' bad-debt losses deduction, which is limited to the actual losses rather than contributions to a reserve for bad
- The removal of the adjusted current earnings (ACE) depreciation adjustment.
- The use of the same depreciation recovery periods for regular tax and AMT.
- The repeal of the installment method AMT adjustment for farmers. Farmers are allowed to use the installment method of accounting for purposes of AMT for payments received in taxable years beginning on or after January 1, 1997, for installment sales related to the sale or disposition of farm property made in taxable years beginning on or after January 1, 1988.
- The treatment of merchant marine capital construction account funds as an adjustment item for AMT.

#### California does not conform to the following federal AMT provisions:

The elimination of AMT for small businesses.

Note: The above lists are not intended to be all inclusive of the federal and state conformities and differences. For additional information, please refer to the California R&TC.

#### **General Information**

Unless stated otherwise, the term "corporation" as used in Schedule P (100W) and in these instructions, includes banks, financial corporations, limited liability companies (LLCs) classified as corporations, and exempt organizations other than exempt trusts, but not S corporations.

California tax laws give special treatment to some types of income and allow special deductions and credits for some types of expenses. Corporations that benefit from these laws may have to pay AMT in addition to the minimum franchise tax.

Use this schedule to calculate AMT and to figure credits that are limited by the TMT or that may reduce AMT.

See IRC Sections 55 through 59 for more information on figuring AMT. But note that R&TC Sections 23455, 23456, 23457, and 23459 modify IRC Sections 55 through 59.

#### Who Must File

Corporations should file Schedule P (100W) if the sum of: AMT adjustments, preference items, loss denials, other items as specified

under IRC Section 59, and state net income exceeds \$40,000. Exempt organizations, other than exempt trusts with unrelated business income, should file Schedule P (100W) if the sum of: AMT adjustments, preference items, loss denials, items specified under IRC Section 59, and state net unrelated business taxable income exceeds \$40,000. Exempt trusts should use Schedule P (541), Alternative Minimum Tax and Credit Limitations -Fiduciaries.

In addition, if the corporation claims credits that are limited by TMT (Part I, line 17), or if the corporation claims credits that reduce the AMT (Part I, line 19), the corporation must file Schedule P (100W).

#### **Members of a Combined Report**

Alternative minimum taxable income (AMTI) and ACE are apportioned and allocated to California and to each taxpaver in the same manner as net income for purposes of regular tax. A separate AMT calculation is required for each member of a combined report. Complete a separate Schedule P (100W), Side 1 and Side 2, for each taxpayer included in the combined report. Attach the Schedule P (100W) for each taxpayer member in the combined report behind the combined Schedule P (100W) for all members. See instructions for Part I, line 4b, line 5a, line 5d, line 7b, line 9, and line 10.

#### **Short-Period Return**

For a short-period return, use the formula in IRC Section 443(d) to determine AMTI and AMT.

#### **Credit for Prior Year AMT**

If the corporation paid AMT for 2002 or has a carryover of credit for prior year AMT and has no AMT liability for 2003, the corporation may use this credit in 2003 to reduce its regular tax liability. Complete Part III to figure this credit.

#### Specific Line Instructions

#### Part I — Tentative Minimum Tax (TMT) and Alternative Minimum Tax (AMT) Computation

#### Line 1- Net income (loss) after state adjustments

Enter the amount from Form 100W, line 18. If the corporation filed a Schedule R with the return, enter the amount from line 1c of Schedule R.

Line 2a - Depreciation of tangible property placed in service after 1986 and before 1999 Do not include depreciation adjustments attributable to a tax shelter farm activity or a passive activity on this line. Instead, include

the adjustment on line 2g or line 2h. Refigure the depreciation as follows:

For property other than real property and property on which the straight-line method was used, use the 150% declining balance method, switching to straight-line for the first taxable year in which that method will give a higher depreciation deduction. Use

- the same life classes as used on the federal Form 4626, Alternative Minimum Tax Corporations.
- For personal property having no asset depreciation range (ADR) class life, use 12 years.
- For residential rental and nonresidential real property, use the straight-line method over 40 years. Determine the depreciation adjustment by subtracting the recomputed depreciation from the California depreciation on form FTB 3885, Corporation Depreciation and Amortization. Enter the difference on this line.

If the corporation elected to depreciate a grapevine that was replanted in a vineyard as a result of phylloxera or Pierce's disease infestation over five years instead of 20 years for regular tax, it must depreciate the grapevine over 10 years for AMT.

**Note:** Depreciation that is capitalized to inventory under the uniform capitalization rules must be refigured using the rules described above.

The depreciation adjustment does not apply to property placed in service after December 31, 1998.

## Line 2b – Amortization of certified pollution control facilities

For any certified pollution control facility placed in service in California after 1986 and before 1999, the five-year depreciation method available for such facilities for regular tax purposes must be replaced for AMT purposes by the alternative depreciation system specified under IRC Section 168(g) — straight-line method, without regard to salvage value. A facility placed in service after 1998 is depreciated using the IRC Section 168 straight-line method.

#### Line 2c – Amortization of mining exploration and development costs incurred after 1987 If the corporation elected the optional ten-year write-off under IRC Section 59(e) for all assets in this category, skip this line.

With respect to each mine or other natural deposit, (other than an oil, gas, or geothermal well) refigure the expenses before the 30% reduction under IRC Section 291(b) by amortizing them over ten years beginning with the year in which the expenses were paid or incurred. Figure the adjustment by subtracting the refigured amount from the deduction taken under IRC Section 616(a) or 617(a) after the 30% reduction. Enter the amount on this line. If a loss resulted with respect to those expenses, see IRC Section 56(a)(2)(B).

# Line 2d – Basis adjustments in determining gain or loss from sale or exchange of property If the corporation disposed of property during the year, refigure the gain or loss from such sale taking into account the AMT adjustments on line 2a through line 2c. Enter the difference between the gain or loss reported for regular tax and the recomputed gain or loss. If the recomputed gain is less, or the loss is more, enter the difference as a negative amount. Otherwise, enter a positive amount.

## Line 2e – Long-term contracts entered into after February 28, 1986

If the corporation entered into a long-term contract after February 28, 1986, determine the taxable income from the contract under the percentage of completion method of accounting as modified by IRC Section 460(b) and R&TC Section 24673.2 using AMT adjustments and tax preference items.

Determine the difference between that result and the amount determined for the contract in figuring the regular tax and enter the difference on this line. If the refigured taxable income is less than the result when determining the regular tax, enter the difference as a negative amount.

California has conformed to IRC Section 460(b)(2). This section requires the taxpayer to "look-back" to previous years during which the contract work for certain contracts were in progress. The taxpayer must compute interest on the difference between the tax that was actually paid and the tax that would have been paid if the taxpayer had known the actual contract prices and costs that would finally result.

Get form FTB 3834, Interest Computation Under the Look-Back Method for Completed Long-Term Contracts, to figure the interest due or to be refunded under the "look-back method."

Line 2f – Installment sales of certain property For regular tax purposes, corporations may use the installment method of accounting for sales of certain property. For AMT, corporations may not determine income from dispositions of inventory or other property described in IRC Section 1221(1) using the installment method, except for certain dispositions of timeshares or residential lots, if the corporation elected to pay interest under IRC Section 453(I)(2)(B) (R&TC Section 24667).

If the corporation used the installment method for regular tax purposes, but was required for AMT purposes to report the entire gain in the year of disposition, the corporation may have adjustments with respect to those dispositions. Enter on this line as a negative amount the current year income the corporation reported for regular tax.

Farmers that received payments for a taxable year beginning on or after January 1, 1997, for qualified installment sales made in taxable years beginning on or after January 1, 1988, do not need to make an adjustment on this line.

## Line 2g – Tax shelter farm activities (personal service corporations only)

**Caution:** To avoid duplication, if the corporation included AMT adjustments or tax preference items on this line, do not include them on any other line of this schedule.

Complete this line only if the corporation has a gain or loss from a tax shelter farm activity, as defined in IRC Section 58(a)(2), that is not a passive activity. If the tax shelter farm activity is a passive activity, the corporation must include the gain or loss with its other passive activities on line 2h.

Refigure all gains and losses reported for regular tax purposes from tax shelter farm

activities using the AMT adjustments and tax preference items.

Figure the tax shelter farm activity gain or loss for AMT using the same rules the corporation used for regular tax except:

- Do not take any refigured loss unless the corporation is insolvent. See IRC Section 58(c)(1); and
- Do not offset gains from other tax shelter activities with any refigured loss.

Instead, suspend and carry over the loss to future taxable years until:

- The corporation has a gain in a future taxable year from that same tax shelter farm activity; or
- The corporation disposes of the activity.

Enter on this line the difference between the AMT tax shelter farm loss and the regular tax shelter farm loss.

## Line 2h – Passive activities (closely held corporations and personal service corporations only)

**Caution:** To avoid duplication, if the corporation included AMT adjustments or tax preference items on this line, do not include them on any other line of this schedule.

Corporations may enter two kinds of adjustments on this line:

Regular passive activities. Refigure passive activity gains and losses for AMT by taking into account all AMT adjustments, tax preference items and AMT prior year unallowed losses that apply to the passive activity.

Tax shelter passive farm activities. Refigure any gain or loss from a tax shelter passive farm activity taking into account all AMT adjustments, tax preference items, and AMT prior year unallowed losses. If the amount is a gain, it may be included on form FTB 3802, Corporate Passive Activity Loss and Credit Limitations, but if it is a loss, the adjustment for tax shelter passive farm activity is the loss the corporation reported for regular tax. The AMT loss carryover is the refigured AMT loss.

**Note:** If, at the end of the taxable year, the corporation's liabilities exceed the fair market value of the corporation's assets (insolvency), increase the passive activity loss allowed by that excess (but not more than the total loss). See IRC Section 58(c)(1).

#### Line 2i - Certain loss limitations

Refigure the allowable losses from at-risk activities and basis limitations applicable to partnerships, taking into account the AMT adjustments and tax preference items. See IRC Sections 59(h), 465, and 704(d). If the refigured loss is more than the loss reported for purposes of the regular tax, enter on this line as a negative amount the difference between the loss reported on the tax return for purposes of the regular tax and the refigured loss.

## Line 2k – Merchant marine capital construction funds

Amounts deposited in these funds are not deductible for AMT. Earnings on these funds are not excludable from gross income for AMT. If the corporation deducted these amounts or excluded them from income for regular tax, add them back on line 2k.

#### **Tax Preference Items**

Line 3a - Depletion

In the case of mines, wells, and other natural deposits, enter the amount by which the deduction for depletion under IRC Section 611 is more than the adjusted basis of the property at the end of the corporation's taxable year. Figure the adjusted basis without regard to the depletion deduction and figure the excess separately for each property.

California conformed in 1993 to the federal repeal of the AMT depletion adjustment for independent oil and gas producers and royalty owners. See federal Form 4626, Alternative Minimum Tax – Corporations, However, your California depletion costs may continue to be different from the federal amounts because of prior differences in law and differences in basis.

See IRC Section 291(a)(2) for reduction in the amount allowable as a deduction in the case of iron ore and coal.

#### Line 3b – Intangible drilling costs

If the corporation elected the optional 60-month write-off under IRC Section 59(e) for all property in this category, skip this line.

Enter the amount by which excess intangible drilling costs exceed 65% of net income from oil, gas, and geothermal properties.

Figure excess intangible drilling costs as follows: From the intangible drilling and development costs allowable under IRC Section 263(c) or 291(b) (except costs in drilling a nonproductive well), subtract the amount that would have been allowable if these costs had been capitalized and either amortized over 120 months starting when production began or treated according to an election made under IRC Section 57(b)(2).

Net income from oil, gas, and geothermal properties is gross income from them, minus the deductions allocable to them, except for excess intangible drilling costs and nonproductive well costs.

Figure the line 3b amount separately for oil and gas properties that are not geothermal deposits and for oil and gas properties that are geothermal deposits.

Note: California conformed in 1993 to the limited federal repeal of intangible drilling costs preferences for independent producers. California now conforms to the limit on the benefit of the exclusion of the preference for intangible drilling costs of 40% of AMTI. See the instructions for federal Form 4626. Also, note that your intangible drilling costs amounts may differ from federal amounts because of prior differences in the law.

Line 3c – Accelerated depreciation of real property placed in service before 1987 Enter on this line, but not less than zero, the difference between the depreciation taken for this property in determining the regular tax

and depreciation as refigured using the straight-line method. Figure this amount separately for each property and include only positive adjustments. Use the straight-line method over the life of the property using the half-year convention and no salvage value.

#### Line 3d – Amortization of certified pollution control facilities placed in service before 1987

For any certified pollution control facility in California placed in service before 1987 (or before August 1, 1986, if an election was made), figure the amount by which the amortization allowable under IRC Section 169 is more than the depreciation deduction otherwise allowable. Before figuring this tax preference item, reduce the amortizable basis by 20% (15% if the facility was placed in sérvice in 1983 or 1984, 0% if placed in service before 1983), as required under IRC Section 291. Multiply the difference above by 59.6% (71.6% if the facility was placed in service in 1983 or 1984, 100% if placed in service before 1983). Enter only positive amounts.

Line 4b - Apportioned pre-adjustment AMTI

For taxpayers required to apportion their income, pre-adjustment AMTI is apportioned and allocated to California in the same manner as net income for purposes of the regular tax. This may be done by transferring the amount from line 4a to Schedule R, Apportionment and Allocation of Income, line 1c. Refigure the Schedule R taking into account any AMT adjustments, then transfer the refigured net income from Schedule R, line 35 to Schedule P (100W), line 4b.

For combined reports, each taxpayer's preadjustment AMTI is the sum of (1) that corporation's apportioned share of combined business pre-adjustment AMTI and (2) any of that corporation's nonbusiness California source pre-adjustment AMTI. For additional guidance in making these computations, get FTB Pub. 1061, Guidelines for Corporations Filing a Combined Report.

#### Line 5a - ACE adjustment

If this schedule is for a regulated investment company or a real estate investment trust, skip this line.

The ACE adjustment is the pre-adjustment AMTI from line 4b with additional adjustments. California's ACE adjustment generally follows the federal ACE adjustment rules in IRC Section 56(g). To compute the California ACE, the federal ACE worksheet included in the instructions for the federal Form 4626 can be used by taking into account the modifications of R&TC Sections 23456 (e) and (f), if applicable. For example:

Taxes. Taxes on, according to, or measured by income are not deductible from earnings and profits (E&P). Foreign taxes on, according to, or measured by income are not deductible even though a foreign tax credit is not taken for federal purposes. Environmental taxes imposed by IRC Section 59A are not deductible from E&P.

**Depreciation and amortization.** For property placed in service on or after January 1, 1981, and before January 1, 1987, the amount allowable as depreciation or amortization must be determined using the straight-line method for each taxable year of useful life (determined without regard to R&TC Section 24354.2) that the corporation has held the property.

For property placed in service on or after January 1, 1987, and before January 1, 1990, the amount allowable as depreciation or amortization must be determined by using the state AMTI depreciable basis as of the close of the taxable year beginning before January 1, 1990, and applying IRC Section 168(g). For property placed in service on or after January 1, 1990, and before January 1, 1998, use the ADS described in IRC Section 168(g). For property placed in service on or after January 1, 1998, the ACE depreciation is the same as the AMT depreciation. therefore, no ACE depreciation adjustment is necessary for those assets.

Dividends. Dividends deductible for regular California tax purposes are deductible from E&P. The provision of IRC Section 56(g)(4)(C)(ii), for 100% dividend, does not apply.

The provisions of IRC Sections 56(g)(4)(C)(iii) and (iv), for dividends from IRC Section 936 companies and certain dividends received by certain cooperatives, do not apply.

Certain amortization provisions. IRC Section 56(g)(4)(D)(ii) was modified to specify that circulation expenditures under R&TC Section 24364 and organizational expenditures under R&TC Section 24407 do not apply to expenditures paid or incurred in taxable years beginning on or after January 1, 1990, for E&P calculations.

**Interest income.** For entities not subject to the minimum franchise tax, interest income included in E&P must not exceed the amount of interest income included for regular tax purposes.

Appropriate adjustments must be made to limit deductions from ACE for interest expense in accordance with the provisions of R&TC Sections 24344 and 24425.

Apportioning taxpayers and members of a combined report. ACE is apportioned and allocated to California in the same manner as net income for purposes of the regular tax and AMTI (FTB Legal Ruling 94-3). The method described in the instructions for line 4b may be used to compute the California ACE.

#### Line 5d - Excess of AMTI increases over AMTI reductions from prior year ACE adjustments

For combined reports, each taxpaver corporation enters the excess of its prior year accumulated positive California AČE adjustments over its prior year negative California ACE adjustments.

#### Line 7a

If a disaster loss carryover is claimed in 2003. enter the amount on this line.

#### Line 7b – AMT net operating loss (NOL) deduction.

California has suspended the deduction for NOL carryover for taxable years beginning in 2002 and 2003.

#### Line 9 and Line 10

The \$40,000 exemption and the \$150,000 limitation apply to each bank or corporation included in the combined report that has a filing requirement in California, to the extent that each bank or corporation has AMTI.

Line 16 – Banks and financial corporations Corporations with negative or zero taxable income on Form 100W, line 23, enter -0-.

Line 18 – Regular tax before credits
For installment obligations subject to IRC
Section 453(I)(2)(B) (Timeshares and
Residential Lots) and IRC Section 453A
(Nondealer dispositions greater than
\$150,000), do not include tax increases for
interest on the deferred tax liability.

#### Line 19 - AMT

If line 17 is more than zero and if the corporation has credits or credit carryovers, continue to Part II. Otherwise, stop here and enter the amount, from line 19 on Form 100W, line 30.

## Part II — Credits that Reduce

Complete Part II only if the corporation has tax credits.

#### Use Part II to determine:

- The amount of credit that may be used to offset tax:
- The tax that may be offset;
- The amount of credit, if any, that may be carried over to future years; and
- The order in which to claim credits, if the corporation has more than one credit to claim.

**Note:** Credits are applied against the tax on a separate entity basis. Unless otherwise provided by statutory authority, specific credits are only available to the corporation that incurred the expense that generated the credits.

#### Before you begin Part II:

- Complete Form 100W through line 24.
- Figure the amount of credit(s) using a schedule or the credit form identified in the Credit Table on the next page. Be sure to attach the credit form or schedule to the tax return, if applicable.

#### To complete Part II:

- Complete line 1 through line 3 to figure the amount of excess tax the corporation may offset by credits.
- Identify in which section(s) of Part II the corporation may take tax credit(s). Credits without carryover provisions are listed on Schedule P (100W) in Section A1 and may be taken only in that section. Credits with carryover provisions are listed on the Credit Table on the next page. The table identifies the section(s) of Part II in which the corporation may take these tax credits.
- If the corporation has credit(s) in Section B, be sure to complete line 10 in addition to the line(s) for the corporation's credit(s).
- Complete column (a) through column (d) for each line on which the corporation is taking a credit. Refer to "column instructions."
- Once the corporation has completed Part II, see "How to Claim Credits" on this page.

#### Column Instructions - In column:

- (a) Enter the amount of credit available to offset AMT;
- (b) Figure the amount of credit the corporation is able to use this year by entering the

- smaller of the amount in column (a) or the amount in column (c) from the previous line:
- (c) Figure the amount of AMT remaining to be offset by other credits by subtracting the amount in column (b) from the balance in column (c) of the previous line; and
- (d) Enter the amount of credit carryover available to use in future years by subtracting the amount in column (b) from the amount in column (a).

## Section A — Credits that reduce excess regular tax

#### **Section A Instructions**

**Line 3** – Subtract line 2 from line 1. If the amount is zero or less than zero, continue to Question 1. If the amount is greater than zero, go to the Section A1 instructions.

- Does the Credit Table show that the corporation may take the credit ONLY in Sections A1 or A2?
  - **Yes.** Do not take the credit this year. Go to question 2.
  - No. Go to Section B to figure the amount of credit the corporation may take this year. Then continue to Section C if the corporation's credit is listed in that section.
- 2. Does the credit have carryover provisions?
  - Yes. Enter the credit code, credit name, and credit amount in column (a) in the section indicated by the table. Enter -0- in column (b). Enter the credit amount in column (d). This is the amount of the credit the corporation may carry over and use in future years.
  - **No.** Do not take the credit this year or in future years.

#### **Section A1 Instructions**

**Line 4** – If the corporation has the credit listed in this section, complete column (a) through column (c).

#### **Section A2 Instructions**

For taxable years beginning on or after January 1, 2002, the credit for prior year AMT has to be applied before any credits that can reduce the regular tax below the TMT in accordance with R&TC Section 23036 (c).

Line 5 through Line 9 – Follow the Credit Table Instructions on this page to find out in which section to claim the credit. Then complete column (a) through column (d) for each credit in each section before going to the next section.

**Note:** Generally, it is to the corporation's advantage to apply credits with limited carryovers before credits with no limitation on the carryover. However, the corporation may want to apply credits with no limitation on the carryover first if that is more advantageous.

Corporations may use these credits to reduce regular tax but not below TMT. The corporation may be able to, if applicable, carry them over to future years. The credits that do not have shading in column (d) can be carried over to future years, if applicable, after reducing the regular tax down to TMT.

## Section B — Credits that may reduce regular tax below tentative minimum tax

Corporations may use these credits to reduce the regular tax below TMT. And corporations may carry over to future taxable years any credits remaining after reducing the regular tax down to the minimum franchise tax, if applicable. But, if the corporation has a tax balance and can continue to use the credit in Section C, apply the carryover in Section C.

#### Section B Instructions

Line 11 through Line 14 – Follow the Credit Table Instructions to find out in which section to claim your credit. Then complete column (a) through column (d) for each credit in each section before going to the next section.

## Section C — Credits that may reduce alternative minimum tax

If the corporation has AMT and remaining solar or wind energy credit carryover and commercial solar energy credit carryover after reducing the regular tax down to the minimum franchise tax (if applicable), the corporation may reduce AMT using these credits. Also, corporations may carry over to future taxable years any credits remaining after reducing the AMT to zero.

#### Section C Instructions

**Line 16 and Line 17** – If the corporation has any of the credits listed in this section, complete column (a) through column (d) for each credit in the order listed.

#### **How to Claim Credits**

Claim credits by transferring them to Form 100W:

#### Credits on Line 4 through Line 17

If the corporation claims only one or two credits, enter the name, code number, and amount of the credit from column (b) on Form 100W, line 25 and line 26.

If the corporation has any other credits to claim, add the amounts from column (b) for those credits. Enter the total on Form 100W, line 27.

#### **Credit Table Instructions**

To use the table:

- Find the corporation's credit(s) listed in the table.
- See which sections are identified in the columns under "Offset Tax in Section."
- 3. Take the credit only in sections the table identifies for the corporation's credit.
- 4. Complete each section before going to the next section.

## Part III — Credit for Prior Year AMT

Use this part to figure the 2003 credit for prior year AMT if the corporation paid AMT for 2002 or had an alternative minimum tax credit carryover from 2002.

For members of a unitary group filing a combined report, compute the credit for prior year AMT for each entity in the current year's group.

(continued on page 31)

#### Line 1

Enter the AMT from the 2002 Schedule P (100W), Part I, line 19. If this amount was reduced by any commercial solar energy credit carryover or solar energy credit carryover, use the AMT from Section C, line 18 of the 2002 Schedule P (100W).

#### Line 2

Enter the credit for prior year carryover from the 2002 Schedule P (100W), Part II, line 9, column (d).

#### Line 3

Enter this amount on Part II, line 9, column (a).

#### **Credit Table**

## **Instructions for Form FTB 2416**

Schedule of Included Controlled Foreign Corporations (CFC)

#### **General Information**

#### A Purpose

California Revenue and Taxation Code (R&TC) Section 25110(a)(6) provides that the income and apportionment factors of any Controlled Foreign Corporation (CFC) (as defined in Internal Revenue Code [IRC] Section 957) that has Subpart F income (defined in IRC Section 952) are to be included in the combined report of a taxpayer making a water's-edge election.

Use form FTB 2416 to compute the net income and apportionment factors required to be included in the water's-edge combined report.

## B Controlled Foreign Corporation

In general, a foreign corporation is a corporation that is not created or organized in the U.S. or under the laws of the U.S. or any state.

A CFC is any foreign corporation that is more than 50% owned or considered to be owned per IRC Section 958(b) by U.S. shareholders.

#### **C** Apportionment

For each CFC, the amounts included in income and the apportionment factors are determined by multiplying the total income and each component of the apportionment factors by a fraction. The numerator of the fraction is the current year total Subpart F income defined in IRC Section 952 and the denominator is the current year earnings and profits (E&P) as defined in IRC Section 964.

See R&TC Section 25110(a)(6) and the regulations thereunder for more information.

#### **Specific Instructions**

#### Column (b) - Country of incorporation

Enter the country of incorporation in column (b). Use the list of country codes on Side 2 of form FTB 2416.

## Column (c) – Country of primary business activity

Enter the country in which the CFC conducts its primary trade or business in column (c). Use the country codes listed on page 36. This country may be different from the country of incorporation.

## Column (d) – Principal business activity (PBA) code

Enter the PBA code of the CFC. The PBA codes are listed on page 16 through page 18 of this booklet.

#### Column (e) - Subpart F income

In determining whether a bank or corporation has Subpart F income, defined by IRC Section 952, for purposes of R&TC Section 25110(a)(6) and the regulations thereunder, the limitation and exclusions provided for in IRC Section 954(b) shall apply. However, IRC Section 952(c) shall not apply.

For these purposes, Subpart F income does not include income defined in IRC Sections 955, 956, or 956A.

Include both business and nonbusiness income as defined under R&TC Section 25120 for the current year.

If there is no Subpart F income for California purposes, STOP. None of the income or factors of this CFC will be included in the water's-edge combined report.

## Column (f) – Current year earnings and profits

E&P, as defined in IRC Section 964, includes both business and nonbusiness income for the current year. In most cases, this figure can be taken from federal Form 5471, Information Return of U.S. Persons With Respect to Certain Foreign Corporations, page 4, Schedule H. line 5d.

If there is no current E&P, STOP. None of the income or factors of this CFC will be included in the water's-edge combined report.

#### Column (g) - Percentage

The percentage may not exceed 100 or be less than zero.

#### Column (h) - Net income

Report the total net income as reflected on the CFC's books and records, adjusted to conform to California tax law.

## Columns (j), (l), (n), and (p) – Apportionment factors

Determine the apportionment factors for the CFC to be included in the water's-edge combined report including total average property everywhere, rent expense everywhere, payroll everywhere, and sales everywhere based on the apportionment factor rules set forth in R&TC Sections 25129 through 25137. See California Schedule R, Apportionment and Allocation of Income, for more information.

## Column (i) – Net income included in combined report

Enter total from column (i) on Form 100W, Side 1, line 7a.

# Water's-Edge Foreign Investment Interest Offset

#### **General Information**

California Revenue and Taxation Code (R&TC) Section 24344(c) provides that interest expense incurred for purposes of foreign investment (as defined below) may be offset against the foreign dividend deduction allowed under R&TC Section 24411. The foreign investment interest offset may not exceed the total foreign dividend deduction allowed for the taxable year.

The amount of interest expense attributable to foreign investment is equal to the amount of interest expense specifically assigned to foreign investment plus the amount of unassigned interest expense allocated to foreign investment. Unassigned interest expense is allocated by formula. The amount of the offset is limited to the lesser of:

- The sum of interest expense specifically assigned and interest expense allocated to foreign investment; or
- The foreign dividend deduction.

This limited amount is multiplied by 75% to arrive at the foreign investment interest offset. Interest expense that exceeds the offset amount will be subject to the standard interest offset computation of R&TC Section 24344(b). See FTB Notice 2000-9.

**Note:** If there is no foreign dividend deduction under R&TC Section 24411, then no foreign interest offset computation is necessary.

### **A Definitions**

#### 1. Foreign investment

Foreign investment is stock or other equity investment, which is included in total assets, regardless of when it was acquired, in:

- An entity whose dividends would be qualifying dividends for purposes of R&TC Section 24411; and/or
- A non-affiliated corporation that is organized under the laws of a country or political subdivision of a country other than the United States.

To determine the asset value for the foreign investment, see Section B "Asset Value."

# 2. Interest expense assigned to specific property

If the existence of all of the facts and circumstances described below is established, interest expense is considered to be related solely to specific property. Specific property may be either a foreign investment, domestic investment, or other property.

 The indebtedness on which the interest was paid was specifically incurred for the purpose of purchasing, maintaining, or improving the specific property;

- The proceeds of the borrowing were actually applied to the specified purpose; and
- The creditor can look only to the specific property (or any lease or other interest therein) as security for payment of the principal and interest of the loan and, thus, has no secured interest in any other property of the borrower or the borrower itself with respect to repayment of the loan.

Even though the above facts and circumstances are present in substance as well as form, a deduction for interest will not be considered definitely related to a specific property where the motive for structuring the transaction in the manner described above was without any economic significance.

- 3. Unassigned interest expense
  Interest expense paid that does not meet
  the above conditions to be assigned, is
  unassigned interest expense.
- 4. Interest expense on restricted accounts Interest expense on restricted accounts is interest expense paid on new debt incurred on or after January 1, 1988, if the proceeds of the debt are deposited into an account that prevents its use for foreign investment and the account is not, in fact, used for foreign investment. However, debt shall not be treated as incurred on or after January 1, 1988, if the majority of the proceeds were used to refinance debt incurred prior to January 1, 1988, or the debt arises pursuant to a line of credit or similar arrangement.

#### 5. Total assets

Total assets means all of the assets of a corporation included in a water's-edge combined report by reason of R&TC Section 25110, after the elimination of intercompany accounts of assets.

#### 6. Average values of assets

An average of values is computed for the year on the basis of values of assets at the beginning and the end of the year.

## **B** Asset Values

Assets and stock or other equity investments with less than 50% ownership are taken into account at the federal tax book value (original cost for federal tax purposes less depreciation, amortization, or depletion).

Stock or other equity investments with more than a 50% ownership are taken into account at adjusted basis for federal tax purposes:

 Increased by the amount of the E&P of such corporation attributable to such stock or other equity investment and accumulated during the period the stock or other equity investment was owned by another affiliated corporation; and  Reduced (but not below zero) by any deficit in E&P of such corporation attributable to such stock or other equity investment for such period.

For more information, see R&TC Section 24344(c) and the regulations thereunder.

# Specific Instructions

#### Line 1

Enter the Water's-Edge Dividend Deduction claimed on Schedule H (100W), Part III, line 7, column (g) or Form 100S, line 10.

#### Line 2

Enter total interest expense for all entities included in the water's-edge combined report filed pursuant to R&TC Section 25110, net of intercompany interest expense.

#### Line 3

Enter the interest expense specifically assignable to foreign investments. See R&TC Section 24344(c) and the regulations thereunder for further information.

#### Line 4

Enter the interest expense specifically assignable to domestic investments or other property.

#### Line 6

Enter unassigned interest expense included in line 5 that is for debt incurred prior to January 1, 1988.

#### Line 7

Enter unassigned interest expense included in line 5 for debt incurred on or after January 1, 1988.

#### Line 8

Enter interest expense paid on restricted accounts.

#### Line 11

Unassigned foreign investment is the average value of all foreign investment to which interest is not specifically assigned.

#### Line 12

Unassigned total assets is the average value of all assets to which interest is not assigned.

#### Line 13

In calculating the ratio, foreign investment and assets to which interest expense has been specifically assigned are not to be considered.

Note: If the taxpayer reported the foreign dividend deduction for dividends received from foreign investments and foreign construction projects, the taxpayer must calculate a separate foreign investment interest offset for each component. The two separately calculated amounts are then added together and entered on Schedule R, Side 1, line 1b and Schedule R-5, Side 4, line 2.

# **Instructions for Form FTB 3539**

# **Automatic Extension for Corporations and Exempt Organizations**

# **General Information**

Use form FTB 3539 only if:

- You cannot file your 2003 California (CA) return by the original due date; and
- You owe tax for the 2003 taxable year.

Use the worksheet on the following page to determine if you owe tax

- If you do not owe tax, there is nothing to file at this time and no need to complete or mail this youcher.
- If you owe tax, complete the voucher and mail it along with your check or money order to the Franchise Tax Board (FTB) by the original due date of the CA tax return.

If a corporation, including real estate investment trusts (REITs), real estate mortgage investment conduits (REMICs), regulated investment companies (RICs), limited liability companies (LLCs) electing to be treated as corporations, or an exempt organization in good standing, cannot file its CA tax return by the original due date, a seven month extension to file will be allowed automatically without submitting a written request. To qualify for the automatic extension, the corporation or exempt organization must file its CA tax return by the extended due date and its powers, rights, and privileges must not be suspended or forfeited by the FTB or the California Secretary of State (SOS) as of the original due date

The extended due date for corporations is the 15th day of the 10th month following the close of the taxable year (fiscal year filers) or October 15, 2004 (calendar year filers). The extended due date for exempt organizations filing Form 199 or Form 109 is the 15th day of the 12th month following the close of the taxable year (fiscal year filers) or December 15, 2004 (calendar year filers).

The extended due date for an employee's trust defined in IRC Section 401(a) and an IRA filing Form 109 is the 15th day of the 11th month after the end of the taxable year (fiscal year filers) or November 15, 2004 (calendar year filers).

**Note:** An extension of time to file the CA tax return is not an extension of time to pay the tax.

To avoid late payment penalties and interest, 100% of the tax liability must be paid by the 15th day of the 3rd month (fiscal year corporations), or the 15th day of the 5th month (fiscal

year exempt organizations) following the close of the taxable year or March 15, 2004 (calendar year corporations), or May 17, 2004 (calendar year exempt organizations). Employees' trusts and IRAs must pay 100% of the tax liability by the 15th day of the 4th month after the end of the taxable year.

Save the completed worksheet as a permanent part of the corporation's or exempt organization's tax records along with a copy of the CA tax return.

# **Electronic Funds Transfer (EFT)**

Corporations or exempt organizations that meet certain requirements must remit all of their payments through EFT rather than by paper checks to avoid the EFT penalty. Corporations or exempt organizations that remit an estimated tax payment or extension payment in excess of \$20,000 or that have a total tax liability in excess of \$80,000 must remit all of their payments through EFT. The FTB will notify corporations or exempt organizations that are subject to this requirement. Those that do not meet these requirements and wish to participate on a voluntary basis may do so. If you are an EFT taxpayer, complete the worksheet for your records. **Do Not Send The Payment Voucher.** For more information, go to our Website at www.ftb.ca.gov, call (916) 845-4025, or get FTB Pub. 3817, Electronic Funds Transfer Program Information Guide.

# Where to File

If tax is due and the corporation or exempt organization is not required to use EFT, attach a check or money order for the tax due to form FTB 3539. Write the California corporation number or FEIN and 2003 FTB 3539 on the check or money order. Mail only the voucher portion with the payment to:

FRANCHISE TAX BOARD PO BOX 942857 SACRAMENTO CA 94257-0551

## Private Mailbox (PMB) Number

If the corporation or exempt organization leases a private mailbox (PMB) from a private business rather than a PO box from the United States Postal Service, include the box number in the field labeled "PMB no." in the address area.

IF NO PAYMENT IS DUE, DO NOT MAIL THIS FORM				•	
EFT TAXPAYERS, DO NOT MAIL THIS FORM	353903	103			FTB 3539 2003

# **Penalties and Interest**

- If the corporation or exempt organization fails to pay its total tax by the original due date, a late payment penalty plus interest will be added to the tax due.
- If the corporation or exempt organization does not file its CA tax return by the extended due date, or the corporation's powers, rights, and privileges have been suspended or forfeited by the FTB or the California SOS, as of the original due date, the automatic extension will not apply and a delinquency penalty plus interest will be assessed from the original due date of the CA tax return.
- If the corporation or exempt organization is required to remit all of its payments through EFT and pays by another method, a 10% non-compliance penalty will be assessed.

# **Combined Reports**

- If members of a combined unitary group have made or intend to make an election to file a combined unitary group single return, only the key corporation designated to file the return should submit form FTB 3539. The key corporation must include payment of at least the minimum franchise tax for each corporation of the combined unitary group that is subject to the franchise tax in California.
- If members of a combined unitary group intend to file separate returns with the FTB, each member must submit its own form FTB 3539 if there is an amount entered on line 3 of the Tax Payment Worksheet.
- If any member of a combined unitary group meets the requirements for mandatory EFT, all members must remit their payments through EFT, regardless of their filing election.

# **Exempt Organizations**

Form 100 filers:

The due dates for corporations also apply to the filing of Form 100, California Corporation Franchise or Income Tax Return, by political action committees and exempt homeowners' associations.

Political action committees and exempt homeowners' associations that file Form 100 should not enter the minimum franchise tax on line 1 of the Tax Payment Worksheet.

• Form 199 Filers:

Generally, Form 199, California Exempt Organization Annual Information Return, requires a \$10 filing fee to be paid with the return on the original or extended due date.

Use form FTB 3539 only if paying the fee early. Enter the amount of the fee on line 3 of the Tax Payment Worksheet.

Form 109 Filers:

The due dates for filing Form 109, California Exempt Organization Business Income Return, depend on the type of organization filing the return. Employees' pension trusts and IRAs (including education IRAs) must file on or before the 15th day of the 4th month after the close of their taxable year. All other exempt organizations (except homeowners' associations and political organizations) must file on or before the 15th day of the 5th month after the close of their taxable year.

#### 

# **How to Complete the Tax Payment Worksheet**

**Line 1** – Enter the total tentative tax, including the alternative minimum tax, if applicable, for the taxable year.

- If filing Form 100, Form 100W, or Form 100S, and subject to franchise tax, the tentative tax may not be less than the minimum franchise tax and Qualified Subchapter S Subsidiary (QSub) annual tax (S corporations only).
- If filing Form 100, Form 100W, or Form 100S, and subject to income tax, enter the amount of tax. Corporations subject to the income tax do not pay the minimum franchise tax.
- If a corporation incorporates or qualifies to do business in California on or after January 1, 2000, the corporation will compute its tax liability for the first taxable year by multiplying its state net income by the appropriate tax rate and will not be subject to the minimum franchise tax. The corporation will become subject to minimum franchise tax beginning in its second taxable year.
- If filing Form 109, enter the amount of tax. Form 109 filers are not subject to the minimum franchise tax.

Line 2 – Enter the estimated tax payments, including prior year overpayment applied as a credit. S corporations include any QSub annual tax payments.

#### Line 3

**Tax due.** If the amount on line 1 is more than the amount on line 2, then the corporation's or exempt organization's tentative tax is more than its payments and credits. The corporation or exempt organization has tax due.

Subtract line 2 from line 1. Enter this amount on line 3 and on form FTB 3539.

If the amount on line 2 is more than the amount on line 1, the payments and credits are more than the tentative tax. The corporation or exempt organization has no tax due. **DO NOT SEND THE PAYMENT VOUCHER**. The corporation or exempt organization will automatically qualify for an extension if the California tax return is filed by the extended due date and the corporation and or exempt organization is in good standing with the FTB and SOS.

# 2003 Instructions for Form FTB 3805Q

# Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations – Corporations

References in these instructions are to the Internal Revenue Code (IRC) as of January 1, 2001, and to the California Revenue and Taxation Code (R&TC).

# **General Information**

In general, California law conforms to the Internal Revenue Code (IRC) as of January 1, 2001. However, there are continuing differences between California and federal law. It should be noted that California does not always conform to the entire provisions of a public law. California has conformed to some of the changes made to the IRC after January 1, 2001, including some provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (Public Law 107-16), the Victims of Terrorism Tax Relief Act of 2001 (Public Law 107-134), and the Job Creation and Worker Assistance Act of 2002 (Public Law 107-147). California has not conformed to any of the provisions of the Jobs and Growth Tax Relief Reconciliation Act of 2003 (Public Law 108-27) and the Military Family Tax Relief Act of 2003 (Public Law 108-121).

For taxable years beginning in 2002 and 2003, California has suspended the Net Operating Loss (NOL) carryover deduction. Taxpayers may continue to compute and carryover an NOL during the suspension period. However, the deduction for disaster losses is not affected by the NOL suspension rules.

The carryover period for suspended losses is extended by two years for losses incurred before January 1, 2002, and by one year for losses incurred after January 1, 2002, and before January 1, 2003.

For taxable years beginning on or after January 1, 2002, the NOL carryover computation for the California taxable income of a nonresident or part-year resident is no longer limited by the amount of net operating loss from all sources. Only your California sourced income and losses are considered in determining if you have a California NOL. For more information, see form FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations - Individuals, Estates, and Trusts.

The general NOL carryover percentage varies. For taxable years beginning on or after:

- January 1, 2000, and before January 1, 2002, 55% of the NOL may be carried forward:
- January 1, 2002, and before January 1, 2004, 60% of the NOL may be carried forward: and
- After January 1, 2004, 100% of the NOL may be carried forward.

Also, any NOL incurred in any taxable year beginning on or after January 1, 2000, may be carried forward for 10 years.

In 1998, the Franchise Tax Board (FTB) implemented the new principal business activity (PBA) code chart that is based on the North American Industry Classification System (NAICS) in the corporate tax booklets.

However, the California R&TC still uses the Standard Industrial Codes (SIC) for purposes of the new business and eligible small business NOL.

# **A Purpose**

Use form FTB 3805Q to figure the current year NOL and to limit NOL and disaster loss carryover deductions.

Note: Exempt trusts should use form FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations – Individuals, Estates, and Trusts. The California NOL is figured the same way as the federal NOL, except that for California:

- An NOL may be carried over only to future vears (no carrybacks are allowed); and
- The carryover period and the amount to be carried over differ from federal allowances.

Only a portion of the NOL may be eligible for carryover to future years because California has established different categories of NOL. See General Information F, Types of NOLs, for more information.

Note: If the corporation has a current year NOL under R&TC Section 24416.2, 24416.5, 24416.6, and 24416.7 (relating to Pierce's disease, EZ, LAMBRA, or TTA NOLs), the corporation must elect on its return for the taxable year in which the loss is incurred to carryover the loss either under that section or the loss under R&TC Section 24416 (relating to general NOLs). If the corporation elects to compute the NOL under R&TC Section 24416.1(c) (relating to Pierce's disease, EZ, LAMBRA, or TTA NOLs), the corporation must:

- Make the election in a statement attached to the original return; and
- Use the applicable Pierce's disease form or economic development area (EDA) form to calculate the NOL.

The election is irrevocable. Get form FTB 3805D, form FTB 3805Z, form FTB 3807, or form FTB 3809 for more information.

# **B** Apportioning Corporations

The loss carryover for a corporation that apportions income is the amount of the corporation's loss, if any, after adding income or loss apportioned to California with income or loss allocable to California under Chapter 17 of the Corporation Tax Law. The loss carryover may be deducted from income of that corporation apportioned and allocable to California in subsequent years.

# **C** Combined Reporting

Corporations that are members of a unitary group filing a single return must use intrastate apportionment, separately computing the loss carryover for each corporation in the group using its individual apportionment factors (R&TC Section 25108). Complete a separate form FTB 3805Q for each taxpayer included in the combined report. Attach the separate forms for each taxpayer member behind the combined form FTB 3805Q for all members. Unlike the loss treatment for a federal consolidated return, a California loss carryover for one member in a combined report may not be applied to the income of another member included in the combined report. Get FTB Pub. 1061, Guidelines for Corporations Filing a Combined Report, for more information.

# D Water's-Edge

For Water's-Edge taxpayers, R&TC Section 24416(c) imposes a limitation on the NOL deduction if the NOL is generated during a non-Water's-Edge tax year. The NOL carryover is limited to the lesser amount as re-determined by computing the income and factors of the original worldwide combined reporting group as if the Water's-Edge election had been in force for the year of the loss. If R&TC Section 24416(c) applies; the NOL carryover for each corporation may be decreased, but not increased.

# **E** S Corporations

An S corporation is allowed to carry over a loss that is incurred during a year in which it has in effect a valid election to be treated as an S corporation. The loss is also separately calculated under the pass-through rules and passed to the shareholders in the year incurred and is taken into account in determining each shareholder's NOL carryover, if any.

If a corporation changes from a C corporation to an S corporation, the loss incurred while the corporation was a C corporation may not be applied to offset income subject to the 1.5% tax imposed on an S corporation. However, losses incurred while the corporation was a C corporation may be applied against the built-in gains which are subject to tax. If the corporation incurred losses while it was a C corporation and an S corporation, and the S corporation is using C corporation losses to offset its built-in gains, the corporation must complete two forms FTB 3805Q and attach them to Form 100S. California S Corporation Franchise or Income Tax Return. The unused losses incurred while the

corporation was a C corporation are "unavailable" except as provided for above unless and until the S corporation reverts back to a C corporation or the carryover period expires. However, if an S corporation changes to a C corporation, any S corporation NOLs are lost.

**F Types of NOLs**The table below shows the types of NOLs available, a description, and the percentages and carryover periods for each type of loss.

\*Note: The carryover period for suspended losses is extended by two years for losses incurred before January 1, 2002, and by one year for losses incurred after January 1, 2002, and before January 1, 2003.

Type of NOL and Description	Taxable Year NOL Incurred	NOL Carried Over	Carryover* Period
General NOL (GEN) Available as a result of a loss incurred in years after 1986 and allowed under R&TC Section 24416. Does not include losses incurred from activities that qualify as a new business, an eligible small business, EZ, LARZ, LAMBRA, TTA, disaster loss, or Pierce's disease.	On or after 01/01/2004 2002-2003 2000-2001 1997-1999 1987-1996	100% 60% 55% 50% None	10 Years 10 Years 10 Years 5 Years Expired
New Business NOL (NB)			
Get FTB Legal Ruling 96-5 for more information.  Incurred by a trade or business that first commenced in California on or after January 1, 1994, during the first three years of business, 100% of an NOL may be carried over for ten years, but only to the extent of the net loss from the new business. The term "new business" also includes any taxpayer engaged in biopharmaceutical activities or other biotechnology activities described in Codes 2833 to 2836 of the SIC Manual. It also includes any taxpayer that has not received regulatory approval for any product from the United States Food and Drug Administration. See R&TC Section 24416(g)(7)(A) for more information.	On or after 01/01/2000	100% For the first three years of business	10 Years
If a taxpayer's NOL exceeds the net loss from the new business, the excess may be carried over as a general NOL.			
If a taxpayer acquires assets of an existing trade or business which is doing business in California, the trade or business conducted by the taxpayer or related person is not a new business if the fair market value (FMV) of the acquired assets exceeds 20% of the FMV of the total assets of the trade or business conducted by the taxpayer or any related person. To determine whether the acquired assets exceed 20% of the total assets, include only the assets that continue to be used in the same trade or business activity as were used immediately prior to the acquisition. For this purpose, the same trade or business activity means the same division classification listed in the SIC Manual.	Before 01/01/2000 Year of business		
If a taxpayer or related person has been engaged in a trade or business in California within the preceding 36 months and then starts an additional trade or business in California, the additional trade or business qualifies as a new business only if the activity is classified under a different division classification of the SIC Manual.	Year 1 Year 2	100% 100%	8 Years 7 Years
Business activities conducted by the taxpayer or related persons wholly outside California are disregarded in determining whether the trade or business conducted within California is a new business. Related persons are defined in IRC Sections 267 or 318.	Year 3	100%	6 Years
Eligible Small Business (ESB)	On or after		
Get Legal Ruling 96-5 for more information.	01/01/2000	100%	10 Years
Incurred in a trade or business activity that has gross receipts, less returns and allowances, of less than \$1 million during the taxable year.	On or after		
100% of an NOL may be carried over, but only to the extent of the net loss from the eligible small business. If a taxpayer's NOL exceeds the net loss from an eligible small business, the excess may be carried over as a general NOL. The corporation should use the same SIC Code division classifications described in the new business NOL section to	01/01/1994 and before 01/01/2000	100%	5 Years
determine what constitutes a trade or business activity.			
Title 11 Bankruptcy (T11)	1987-1993	50%	10 Years
If the corporation is claiming an NOL carryover deduction under the provisions of R&TC Section 24416(e)(4)(A), enter the carryover amount on Part II, line 2.	1907-1993	30 %	10 16415
Disaster Losses (DIS)			
Casualty losses in areas of California declared by the President of the United States or the Governor of California to be in a state of disaster.	See "Designated	100%	First 5 Years
An election may be made under IRC Section 165(i) permitting the disaster loss to be taken against the previous year's income. If you made this election, see current year NOLs, Part II, line 3 and Internal Revenue Service form 4684 instructions for when the election must be filed. If special legislation is enacted under R&TC Section 24347.5 and the specified disaster loss exceeds income in the year it is claimed, 100% of the excess may be carried over for up to five taxable years. If any excess loss remains after the five- year period, 50% of that remaining loss may be carried over for up to 10 additional taxable years for losses occurred in any taxable year beginning before January 1, 2000, 55% for losses incurred in any taxable year beginning on or after January 1, 2000, and before January 1, 2002, 60% for losses incurred in any taxable year beginning on or after January 1, 2002, and before January 1, 2004, or 100% for losses incurred in any taxable year beginning on or after January 1, 2004.	Disasters list" on next page.	See instructions	10 Years Thereafter

# **Specific Line Instructions**

## Part I

Use Part I of this form to figure the current year NOL eligible for carryover.

**Line 2** – If the corporation incurred a disaster loss during 2003, enter the amount of the loss on this line. Enter as a positive number.

Line 3 – If the amount is zero or less, the corporation does not have a current year general NOL. Go to Part II for computation of general NOL carryovers, the current year disaster loss, and carryover from disaster losses.

**Line 7** – Go to Part II, Current Year NOLs, to record your 2003 NOL carryover to 2004. Complete columns (b), (c), (d), and (h) only, for each type of loss that you incurred.

If you have an eligible qualified new business or a small business and your NOL is greater than the amount of net loss from such a business, use the general NOL first. If you operate one or more new businesses and one or more eligible small businesses, determine the amount of the loss attributable to the new business(es), the small business(es), and the general NOL in the following manner. The NOL is first treated as a new business NOL to the extent of the loss from the new business. Any remaining NOL is then treated as an eligible small business NOL to the extent of the loss from the eligible small business. Any further remaining NOL is treated as an NOL under the general rules.

# Part II

Use Part II to limit current year disaster loss to current year income and to record all of the corporation's loss carryover information.

If the corporation has losses from more than one source and/or more than one category, the corporation must compute the allowable NOL carryover for **each** loss separately.

#### When to use an NOL carryover

Use your NOLs and disaster losses in the order the losses were incurred. There is no requirement to deduct NOL carryovers (if allowed) before disaster loss carryovers.

#### **Prior Year NOLs**

**Column (a)** – Enter the year the loss was incurred.

**Column (b)** – Enter the disaster code from the list below.

List of events that have been declared disasters:

Year	Code	Event
2003	23	San Simeon earthquake*
2003	22	Southern California fires and other related casualties*
2000	21	Napa County earthquake
1999	20	Wildfires and other related casualties*
1999 1998	19	Winter Freeze 98/99
1998	18	El Niño 98
1997 1996	17	Disaster floods 96/97
1996	16	Firestorms 96*
1995	15	Storms, flooding, and other related casualties
1994	14	San Luis Obispo fire and other related casualties
1994	13	Los Angeles, Orange, and Ventura County earthquake and other related casualties
1993	12	Storms, floods, and other related casualties
1992	11	Wildfires and other related casualties in Calaveras and Shasta Counties
1992	10	San Bernardino County earthquake and other related casualties
1992	9	Riots, arson, and related casualties in California during April and May
1992	8	Humboldt County earthquake and related casualties
1992	7	Storms, floods, and other related casualties
1991	6	Oakland/Berkeley fire and other related casualties
1990	5	Santa Barbara fires and other related casualties
1989	4	Bay Area earthquake and other related casualties
1987	3	Forest fires, October earthquake, and other related casualties
1986	2	Storms, floods, and other related casualties
1985	1	Forest fires and related casualties occurring in California
* Cor	r.,,,,,,	r pariod and paraantage are limited to the

<sup>\*</sup>Carryover period and percentage are limited to the NOL rules. No special legislation was enacted.

**Column (d)** – Enter 100% of the initial loss for the year given in column (a).

**Column (e)** – Enter the disaster loss carryover amount from the 2002 form FTB 3805Q, Part II, column (h).

**Column (f)** – Enter the smaller of the amount in column (e) or the amount in column (g) of the previous line.

**Column (g)** – Enter the result of subtracting column (f) from the balance in column (g) of the previous line.

**Column (h)** – Subtract the amount in column (f) from the amount in column (e) and enter the result.

#### **Current Year NOLs**

#### Line 3 – Current year Disaster Loss

If you did not elect to deduct your current year disaster loss in the prior year:

- In column (d), enter your 2003 disaster loss from Part I, line 2.
- In column (f), enter the disaster loss used in 2003.
- In column (h), enter column (d) less column (f).

If you elected to deduct your 2003 disaster loss on your 2002 tax return, and you have an excess amount to be carried over to 2003, enter the carryover amount in Part II, line 2, column (e). Use the Prior Year NOL instructions for column (a) through column (h) except:

- In column (a), enter 2003;
- In column (b), enter the disaster code 22 and/or 23; and
- In column (d), enter the total disaster loss incurred in 2003.

# **General Information**

In general, California law conforms to the Internal Revenue Code (IRC) as of January 1, 2001. However, there are continuing differences between California and federal law. It should be noted that California does not always conform to the entire provisions of a public law. California has conformed to some of the changes made to the IRC after January 1, 2001, including some provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (Public Law 107-16), the Victims of Terrorism Tax Relief Act of 2001 (Public Law 107-134), and the Job Creation and Worker Assistance Act of 2002 (Public Law 107-147). California has not conformed to any of the provisions of the Jobs and Growth Tax Relief Reconciliation Act of 2003 (Public Law 108-27) and the Military Family Tax Relief Act of 2003 (Public Law 108-121).

## **A Purpose**

Use this form to figure California depreciation and amortization for corporations, and for partnerships and limited liability companies (LLCs) classified as corporations only.

S corporations must use Schedule B (100S). Individuals must use form FTB 3885A, Depreciation and Amortization – Individuals. Fiduciaries and exempt trusts must use form FTB 3885F, Depreciation and Amortization – Fiduciaries. Partnerships must use form FTB 3885P, Depreciation and Amortization – Partnerships. LLCs classified as partnerships must use form FTB 3885L, Depreciation and Amortization – Limited Liability Companies.

Depreciation and amortization are deductions corporations claim for reasonable exhaustion, wear and tear, and normal obsolescence of property used in a trade or business or held for the production of income.

For purposes of this form, depreciation is used in connection with tangible property, while amortization is used for intangible assets.

**Note:** For amortizing the cost of certified pollution control facilities, use form FTB 3580, Application to Amortize Certified Pollution Control Facility.

Important differences between federal and California laws affect the calculation of depreciation and amortization. Some of the major differences are briefly described, as follows:

- California law has not conformed to the additional 30% or 50% first-year depreciation allowance for qualified property;
- California law allows additional first-year depreciation under Revenue and Taxation Code (R&TC) Section 24356, rather than an election to expense the cost of the property as provided in IRC Section 179;

- California law has not conformed to federal statutes allowing accelerated depreciation for property on Indian Reservations;
- California law allows a useful life of five years, instead of ten years, for grapevines planted as replacements for vines subject to Phylloxera or Pierce's disease;
- California corporation tax law has not conformed to the federal special class life for gas station convenience stores and similar structures;
- California has not conformed to federal statutes allowing depreciation under Modified Accelerated Cost Recovery System (MACRS) for corporations, except to the extent such depreciation is passed through from a partnership or LLC classified as a partnership;
- California has adopted provisions of the federal Class Life Asset Depreciation Range System (ADR), which specifies a useful life for various types of property. However, California law does not allow the corporation to choose a depreciation period that varies from the specified asset guideline system.

# B Depreciation Calculation Methods

Depreciation methods are defined in R&TC Sections 24349 through 24354. Depreciation calculation methods, described in R&TC Section 24349, are as follows:

Straight-Line. The straight-line method divides the cost or other basis of property, less its estimated salvage value, into equal amounts over the estimated useful life of the property. An asset may not be depreciated below a reasonable salvage

**Declining Balance.** Under this method, depreciation is greatest in the first year and smaller in each succeeding year. The property must have a useful life of at least three years. Salvage value is not taken into account in determining the basis of the property, but the property may not be depreciated below a reasonable salvage value.

The amount of depreciation for each year is subtracted from the basis of the property and a uniform rate of up to 200% of the straight-line rate is applied to the remaining balance.

For example, the annual depreciation allowances for property with an original basis of \$100,000 are:

Voor	Remaining	Declining balance	Depreciation allowance
Year	basis	rate	allowance
First	\$100,000	20%	\$20,000
Second	80,000	20%	16,000
Third	64,000	20%	12,800
Fourth	51,200	20%	10,240

Sum-of-the-years-digits method. This method may be used whenever the declining balance method is allowed. The depreciation deduction is figured by subtracting the salvage value from the cost of the property and multiplying the result by a fraction. The numerator of the fraction is the number of years remaining in the useful life of the property. Therefore, the numerator changes each year as the life of the property decreases. The denominator of the fraction is the sum of the digits representing the years of useful life. The denominator remains constant every year.

Other consistent methods. Other depreciation methods may be used as long as the total accumulated depreciation at the end of any taxable year during the first 2/3 of the useful life of the property is not more than the amount that would

have resulted from using the declining balance

# **C** Period of Depreciation

Under CA Reg. 24349 (I), California conforms to the federal useful lives of property.

Use the following information as a guide to determine reasonable periods of useful life for purposes of calculating depreciation. Actual facts and circumstances will determine useful life. Note, however, that the figures listed below represent the normal periods of useful life for the types of property listed as shown in IRS Rev. Proc. 83-35.

 Office furniture, fixtures, machines, and equipment ......10 yrs.

This category includes furniture and fixtures (that are not structural components of a building) and machines and equipment used in the preparation of paper or data.

Examples include: desks; files; safes; typewriters, accounting, calculating, and data processing machines; communications equipment; and duplicating and copying equipment.

• Computers and peripheral equipment (printers, etc.) . . . . . . . . 6 yrs.

 Transportation equipment and automobiles (including taxis) . . . . . . . . 3 yrs.

• General-purpose trucks:

Light (unloaded weight less than 13,000 lbs.) . . . . . . . . . . . 4 yrs. Heavy (unloaded weight 13,000 lbs. or more) . . . . . . . . . . . . . . . . . 6 yrs.

Buildings

This category includes the structural shell of a building and all of its integral parts that service normal heating, plumbing, air conditioning, fire prevention and power requirements, and equipment such as elevators and escalators.

Type of building:	
Apartments	40 yrs.
Dwellings (including rental	
residences)	45 yrs.
Office buildings	
Warehouses	. 60 yrs.

# D Depreciation Methods to Use

Corporations may use the straight-line method for any depreciable property. Before using other methods, consider the kind of property, its useful life, whether it is new or used, and the date it was acquired. Use the following chart as a general guide to determine which method to use:

	iviaximum
Property description	depreciation method
Real estate acquired 12/31/70 or earlier New (useful life 3 yrs. or more) Used (useful life 3 yrs. or more)	200% Declining balance
Real estate acquired 1/1/71 or later Residential Rental: New Used (useful life 20 yrs. or more) Used (useful life less than 20 yrs.) Commercial and industrial:	125% Declining balance
New (useful life 3 yrs. or more) Used	
Personal property	- · · · · · · · · · · · · · · · · · · ·
New (useful life 3 yrs. or more) Used (useful life 3 yrs. or more)	

\*Other depreciation methods may be used as long as the total accumulated depreciation at the end of any taxable year during the first 2/3 of the useful life of the property is not more than the amount that would have resulted from using the declining balance method.

The Guideline Class Life System of depreciation may be used for certain classes of assets placed in service before 1971.

The Class Life ADR System of depreciation may be used for designated classes of assets placed in service after 1970.

#### **E** Amortization

California conformed to the 1993 federal Revenue Reconciliation Act (Public Law 103-66) for the IRC Section 197 amortization of intangibles for taxable years beginning on or after January 1, 1994. Generally, assets that meet the definition under IRC Section 197 are amortized on a straight-line basis over 15 years. There may be differences in the federal and California amounts for intangible assets acquired in taxable years beginning prior to January 1, 1994. See R&TC Section 24355.5 for more information.

Amortization of the following assets is governed by California law:

Bond premiums R&TC 24360 – 24363.5
Research expenditures R&TC 24365
Reforestation expenses R&TC 24372.5
Organizational expenditures R&TC 24407 – 24409
Start-up expenses R&TC 24414

Other intangible assets may be amortized if it is proved with reasonable accuracy that the asset has an ascertainable value that diminishes over time and has a limited useful life.

# Specific Line Instructions

#### Line 1

Corporations may enter each asset separately or group assets into depreciation accounts. Figure the depreciation separately for each asset or group of assets. The basis for depreciation is the cost or other basis reduced by a reasonable salvage value (except when using the declining balance method), additional first-year depreciation (if it applies), and tax credits claimed on depreciable property (where specified). This may cause the California basis to be different from the federal basis.

If the Guideline Class Life System or Class Life ADR System is used, enter the amount, from a schedule showing the computation, on form FTB 3885, column (g), and identify as such.

# Line 1, Column (h), Additional first-year depreciation

Corporations may deduct up to 20% of the cost of "qualifying property" in the year acquired in addition to the regular depreciation deduction. The maximum additional first-year depreciation deduction is \$2,000. Corporations must reduce the basis used for regular depreciation by the amount of additional first-year depreciation claimed.

"Qualifying property" is tangible personal property used in business and having a useful life of at least six years. Land, buildings, and structural components do not qualify. Property converted from personal use, acquired by gift, inheritance, or from related parties also does not qualify.

See R&TC Section 24356 and the applicable regulations for more information.

Note: An election may be made to expense up to 40% of the cost of property described in R&TC Sections 24356.6, 24356.7, and 24356.8. For more information, get form FTB 3809, Targeted Tax Area Deduction and Credit Summary; form FTB 3805Z, Enterprise Zone Deduction and Credit Summary; or form FTB 3807, Local Agency Military Base Recovery Area Deduction and Credit Summary.

# **How To Get California Tax Information**

# **Where To Get Tax Forms and Publications**

**By Internet** – You can view, download, and print California tax forms. instructions, publications, FTB Notices, and Legal Rulings from our Website at www.ftb.ca.gov.

By phone – To order current year California tax forms:

- Refer to the list in the right column and find the code number for the form you want to order.
- Call (800) 338-0505.
- Select "Business Entity Information."
- Select "Order Forms and Publications."
- Enter the three-digit code shown to the left of the form title when you are instructed to do so.

Please allow two weeks to receive your order. If you live outside California, please allow three weeks to receive your order.

In person – Many libraries and some quick print businesses have forms and schedules for you to photocopy (a nominal fee may apply).

**Note:** Employees at libraries and quick print businesses cannot provide tax information or assistance.

By mail – Write to:

TAX FORMS REQUEST UNIT FRANCHISE TAX BOARD PO BOX 307 RANCHO CORDOVA CA 95741-0307

## Letters

If you write to us, be sure to include your California corporation number or federal employer identification number, your daytime and evening telephone numbers, and a copy of the notice with your letter. Send your letter to:

FRANCHISE TAX BOARD PO BOX 942857 SACRAMENTO CA 94257-0540

We will respond to your letter within ten weeks. In some cases, we may need to call you for additional information. Do not attach correspondence to your tax return unless the correspondence relates to an item on the return.

# **General Toll-Free Phone Service**

Telephone assistance is available year-round from 7 a.m. until 7 p.m. Monday through Friday, except state holidays. We may modify these hours without notice to meet operational needs.

From within the United States . . . . . . . . . . . . . . . . (800) 852-5711 From outside the United States (not toll-free) ...... (916) 845-6500 For federal tax questions, call the IRS at ...... (800) 829-1040

#### Assistance for persons with disabilities

We comply with the Americans with Disabilities Act. Persons with hearing or speech impairment, please call:

#### Asistencia bilingüe en español:

Asistencia telefónica esta disponible todo el año durante las 7 a.m. y las 7 p.m. lunes a viernes, excepto días festivos estatales. Sin embargo, podríamos modificar este horario sin aviso previo para cumplir necesidades de operación.

Dentro de los Estados Unidos, llame al ..... (800) 852-5711 Fuera de los Estados Unidos, llame al

# **Your Rights As A Taxpayer**

Our goal at the FTB is to make certain that your rights are protected so that you will have the highest confidence in the integrity, efficiency, and fairness of our state tax system. FTB Pub. 4058, California Taxpayers' Bill of Rights, includes information on your rights as a California taxpayer, the Taxpayers' Rights Advocate Program, and how you can request written advice from the FTB on whether a particular transaction is taxable.

See "Where to Get Tax Forms and Publications" on this page.

# Automated Toll-Free Phone Service

# (Keep This Booklet For Future Use)

Our automated toll-free phone service is available 24 hours a day, 7 days a week, in English and Spanish to callers with touch-tone telephones. To order Business Entity forms, the automated service is available from 6 a.m. to 8 p.m. Monday through Friday, except state holidays. You can:

- · Order current year California income tax forms, and
- Hear recorded answers to many of your questions about California taxes.

Have paper and pencil ready to take notes.

Call from within the United States ................... (800) 338-0505 Call from outside the United States (not toll-free) ...... (916) 845-6600

## **To Order Forms**

See "Where to Get Tax Forms and Publications" on the previous page.

# **To Get Information**

If you need an answer to any of the following questions, call (800) 338-0505, select "Business Entity Information," then "General Tax Information," follow the recorded instructions, and enter the three-digit code when instructed to do so.

## **Code Filing Assistance**

- 715 If my actual tax is less than the minimum franchise tax, what figure do I put on line 23 of Form 100 or Form 100W?
- 717 What are the tax rates for corporations?
- 718 How do I get an extension of time to file?
- 722 When does my corporation have to file a short-period return?
- 734 Is my corporation subject to franchise tax or income tax?

#### **S** Corporations

- 704 Is an S corporation subject to the minimum franchise tax?
- 705 Are S corporations required to file estimated payments?
- 706 What forms do S corporations file?
- 707 The tax for my S corporation is less than the minimum franchise tax. What figure do I put on line 22 of Form 100S?

#### **Exempt Organizations**

- 709 How do I get tax-exempt status?
- 710 Does an exempt organization have to file Form 199?
- 736 I have exempt status. Do I need to file Form 100 or Form 109 in addition to Form 199?

#### Minimum Tax and Estimate Tax

- 712 What is the minimum franchise tax?
- 714 My corporation is not doing business; does it have to pay the minimum franchise tax?

## **Billings and Miscellaneous Notices**

- 503 How do I file a protest against a Notice of Proposed Assessment?
- 723 I received a bill for \$250. What is this for?

#### Tax Clearance

- 724 How do I dissolve my corporation?
- 725 What do I have to do to get a tax clearance?

## **Limited Liability Companies (LLC)**

- 750 How do I organize or register an LLC?
- 752 What tax forms do I use to file as an LLC?
- 753 When is the annual tax payment due?

#### Miscellaneous

- 700 Who do I need to contact to start a business?
- 701 I need a state Employer ID number for my business. Who do I contact?
- 703 How do I incorporate?
- 721 How does my corporation change its accounting period?
- 737 Where do I send my payment?
